2026

LOTUS PETAL FOUNDATION

Changing lives.
One child at a time.

LOTUS PETAL FOUNDATION

The 2025–26 Annual Report captures a year defined by growth, innovation, and measurable impact, across education, nutrition, and livelihood. It reflects what becomes possible when partners, donors, and Changemakers unite around a single conviction: that compassion, applied with purpose, can transform lives.

ABOUT US

Lotus Petal Foundation is a non-profit organisation **founded in November 2011** with the vision of creating equal opportunities for underserved children and youth living in urban and semi-urban communities. We believe **every child deserves access to quality education** and the opportunity to realise their full potential, regardless of their socio-economic background.

Our approach is rooted in innovation, evidence-based decision-making, and long-term sustainability. By integrating **education, nutrition, livelihood**, and **community engagement**, we create solutions that address the interconnected challenges children face, enabling lasting and measurable impact.

At Lotus Petal Foundation, we believe meaningful change begins with **dignity, compassion, and opportunity**. Every initiative is designed to empower children not only with knowledge and skills but also with **confidence, resilience**, and the **ability to shape their own futures**. Our work is guided by the belief that lasting transformation is achieved when children, families, educators, partners, and communities grow together.

FOUNDER'S NOTE

Applied Compassion in Action

Every year, when I sit down to write this reflection, I find myself asking a different question.

This year, the question was not,
"How much have we grown?" It was

"What does India need most from organisations like ours?"

Over the past fifteen years, India has made remarkable progress in expanding access to education. More children are enrolled in school than ever before. Yet, as recent national conversations and evidence increasingly remind us, the challenge before us has evolved. Today, the question is no longer whether a child enters school, but whether they continue to learn, have access to quality teachers, transition successfully through secondary education, reach higher education, and ultimately build a life of dignity and opportunity.

At Lotus Petal Foundation, this understanding has shaped the way we think about our work.

What began fifteen years ago with six children in a small room has today evolved into an integrated platform serving more than **12,000 students** across India. But beyond the numbers, we recognise that meaningful change requires more than individual programmes. It requires systems that address the different barriers learners face throughout their educational journey.

Over the years, I have described this philosophy as **Applied Compassion**.

Compassion is a deeply human emotion, but its true potential is realised only when translated into action. **Applied Compassion is our belief that empathy becomes meaningful only when it is translated into practical, scalable systems that create opportunity.** It is about moving beyond good intentions to designing solutions that help individuals continue learning, growing, and thriving.

Today, this philosophy is reflected across our continuum of programmes.

Building the Continuum of Opportunity

At **Lotus Petal Senior Secondary School**, we continue to demonstrate what holistic, dignity-led education can achieve when every child is given the opportunity to realise their potential. This year, our first CBSE Grade X batch achieved a **100% pass result**, an important milestone that reflects the perseverance of our students and the unwavering commitment of our teachers and parents.

Equally encouraging has been the growing confidence with which our students are stepping beyond the classroom. From representing the school at **Model United Nations (MUN)** conferences and winning honours in debates, theatre, and inter-school sports competitions to participating in numerous co-curricular platforms, they are discovering their voices, building leadership, and learning to collaborate with others.

For us, these achievements are as significant as academic success because they reaffirm our belief that education must nurture confident, compassionate, and capable young people who are

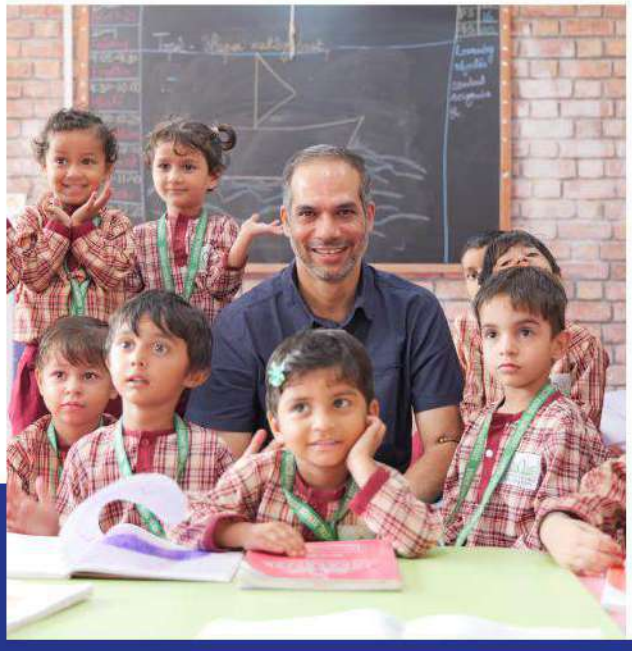

United by one purpose.
Leaving no child behind.

prepared not only to excel in examinations, but to contribute meaningfully to society.

Through **TeachLive**, we are addressing one of India's most pressing education challenges access to quality teachers by connecting expert educators with underserved classrooms through live, interactive teaching. By leveraging technology, we are ensuring that geography is no longer a barrier to quality education.

Through **Vidya Sahyog**, our partnerships with government and community schools continue to strengthen public education systems, recognising that lasting change must happen within the institutions that educate the majority of India's children. This year, we were privileged to expand the programme to the state of **Jharkhand**, reflecting the growing confidence of governments in collaborative models that strengthen teaching capacity and improve learning outcomes at scale.

This year also marked an important evolution of one of our earliest initiatives. **Pratishthan Learning Centre (PLC)** transitioned into **Pratishthan Live**, a fully digital learning programme designed to provide a second chance to adolescents and adults who have discontinued their education. By combining live teaching with technology, Pratishthan Live enables learners to complete their Grade X and XII education irrespective of location, making quality academic support more accessible and scalable. As the programme grows, it will be delivered through our **TeachLive** platform, bringing together our digital learning ecosystem and extending quality teaching to every learner who seeks a second chance.

Through **Elevate Scholars**, we are extending our commitment beyond school by supporting first-generation learners as they pursue higher education and meaningful careers. Because education does not end with a school-leaving certificate. Our responsibility continues until education translates into opportunity, upward mobility, and a life of dignity.

Building for the Future

This year also marked an important milestone in strengthening our physical infrastructure. In **May 2025**, we began construction of our new academic building, envisioned as a space that will enable us to serve more children while enriching the overall learning experience. We are pleased to share that one floor of the new building has already been operationalised and is now buzzing with student activity. Construction of **Wing I** is progressing as planned and remains on track for completion by **March 2026**.

More than an expansion of infrastructure, this building represents our long-term commitment to creating learning environments where every child can thrive with dignity, safety, and opportunity.

Evidence that reinforces our belief

This year also brought encouraging validation of our approach.

Our students continued to excel academically, achieving a **100% pass result** across our **Sr. Secondary School** and **Pratisthan Live** programmes.

The **Academic Quality Assessment (AQA)** strengthened teaching and learning by fostering a culture where **quality** is continuously measured, reviewed, and enhanced.

A KPMG-led **Social Return on Investment (SROI)** assessment reaffirmed that **every ₹1 invested in Lotus Petal Foundation creates ₹3.64 in measurable social value.**

These milestones are important. But they are ultimately outcomes of something deeper **the consistent effort of an extraordinary team committed to excellence every single day.**

Investing in People

Our Changemakers remain the heart of this organisation. Their willingness to learn, adapt, innovate, and support one another enables Lotus Petal Foundation to continue growing without losing sight of the individual learner.

Our continued recognition as a **Great Place to Work** and our investment in leadership development, professional learning, mindfulness, and well-being reflect our belief that transforming children's lives begins by nurturing those who serve them.

Building a responsible institution

This year also marked an important step in our sustainability journey.

We established our **Environmental, Social and Governance (ESG) Reporting Framework**, creating a structured roadmap towards our long-term aspiration of becoming a **carbon-neutral** and, eventually, a **net-zero institution**.

As part of this commitment, we invested in an **Electric Vehicle (EV) Charging Station**, commissioned a **Waste-to-Manure System** to promote circular resource management, and achieved **GRIHA Green Campus Certification** for our entire campus.

These initiatives reflect our belief that education is not only about preparing children for the future, but also about building institutions that protect it. By embedding sustainability into our infrastructure, operations, and everyday practices, we hope to nurture environmentally conscious citizens while leading by example.

Looking ahead

As we continue to strengthen our governance, deepen our partnerships, and build for the future, we remain grateful for the trust placed in us by our corporate partners, philanthropic families, government collaborators, volunteers, alumni, parents, and individual donors.

Your belief has enabled us to dream bigger, serve better, and create opportunities that transform lives. As we look ahead, our aspiration remains unchanged. **To build systems that make opportunity more equitable.**

To ensure that every learner, regardless of circumstance, has access not only to education, but to quality teaching, meaningful pathways, and the confidence to shape their own future.
Because ultimately, education is not simply about helping individuals succeed in school.
It is about helping them become thoughtful citizens, compassionate leaders, and the very best versions of themselves.

The future of education will not be shaped by good intentions alone. It will be shaped by our collective ability to translate compassion into systems that create opportunity for every learner.

That is our commitment.

Thank you for believing in our vision and for walking alongside us. Together, we will continue **transforming lives through education** one learner, one classroom, and one opportunity at a time.

With gratitude and renewed commitment,

Kushal Raj Chakravorty
Founder, Lotus Petal Foundation

CO-FOUNDER'S NOTE

The year **2025–26** has been another important chapter in the evolution of Lotus Petal Foundation. While our mission continues to be transforming lives through education, this year has been about strengthening the systems, infrastructure, and operational excellence that make that mission possible. As Director – Projects and Operations, it has been deeply satisfying to see how thoughtful planning, disciplined execution, and continuous improvement are helping us build an institution that is designed to serve generations of learners.

One of the defining milestones of the year has been the continued expansion of our campus. Construction of the new academic building, which commenced in May 2025, progressed steadily, and we were delighted to operationalise the first floor during the year. The additional learning spaces have already begun serving our students, and we remain on track to complete **Wing I** by the end of March 2026. Every new classroom, laboratory, and learning space brings us one step closer to our vision of creating an inclusive campus that enables every child to learn, grow, and thrive.

Strengthening systems for impact

As our programmes continue to expand, so too has the infrastructure that supports them. This year, we further strengthened our digital teaching ecosystem, enabling the expansion of **Vidya Sahyog** to new geographies, including the state of **Jharkhand**, and supporting the transition of **Pratishthan Learning Centre** into **Pratishthan Live**, our fully digital second-chance education programme. These developments reinforce our commitment to building systems that extend quality education beyond the boundaries of a physical campus.

Environmental sustainability remained a key focus throughout the year. We established our Environmental, Social and Governance (ESG) reporting framework, laying the foundation for our long-term aspiration of becoming a carbon-neutral and, eventually, a net-zero institution. During the year, we installed an Electric Vehicle (EV) charging station, commissioned a waste-to-manure system to strengthen circular waste management, and achieved **GRIHA Green Campus Certification** for our campus. These initiatives reflect our belief that responsible institutions must create positive impact not only through their programmes but also through the way they operate.

Operational excellence continues to remain central to everything we do. Preventive maintenance, safety, regulatory compliance, and continuous improvement across campus infrastructure have remained ongoing priorities, ensuring that our students, Changemakers, and visitors experience an environment that is safe, efficient, and conducive to learning.

Empowering People & Community

Equally important has been our continued investment in our people. As our team has grown, we have strengthened workspaces, enhanced collaboration areas, and continued to nurture a workplace culture that values well-being, mindfulness, and professional growth. We believe that exceptional educational institutions are built not only through strong infrastructure but also through empowered people who bring our mission to life every day.

This year also saw our campus continue to serve as a vibrant centre for learning and collaboration. Through academic events, leadership programmes, competitions, and visits from partners and supporters, the campus remained a place where ideas, innovation, and community came together in meaningful ways.

We continue to build one of India's most comprehensive educational institutions, one classroom, one system, and one opportunity at a time.

Looking Ahead

As we look ahead, our focus remains clear: to continue building the systems, infrastructure, and operational capabilities that enable Lotus Petal Foundation to deepen its impact while remaining true to its values. Every process we strengthen, every building we complete, and every improvement we make is ultimately in service of one purpose to create better opportunities for every learner we serve.

Warm Regards,

Rakesh Jetli
Co-Founder & Director – Projects and Operations,
Lotus Petal Foundation

OUR IMPACT

Education is the single most empowering tool that **changes lives**, and giving selflessly transforms both the giver and the receiver.

1

Problem

Only 9 in 100 students reach employability based on education in India.

2

Vision

Transforming lives through education.

3

Theory Of Change

We work in India, to help children from disadvantaged backgrounds to become employable as knowledge workers who otherwise would become menial labor workers.

4

Mission

Providing Education, Nutrition, and Livelihood to disadvantaged children and young adults living in urban & semi-urban areas of India to get them to become employable as knowledge workers.

SOCIAL IMPACT ASSESSMENT

The Lotus Petal Foundation has been implementing successful social sector initiatives based on community needs. A third-party evaluation of the results attained was essential, given the dynamic nature of the social development programs deployed. This impact assessment aims to explain what has been done well and what can be done better moving forward.

Study Approach

OECD-DAC (Organization For Economic Co-Operation And Development-Development Assistance Committee) Evaluation Criteria:

OECD-DAC is a tool that focuses on evaluating the performance of social development projects on six evaluation criteria. These include relevance, coherence, effectiveness, efficiency, impact, and sustainability. These criteria are meant to help facilitate evaluations.

Social Return On Investment (SRoI):

SRoI (Social Return on Investment) is a framework that measures and evaluates the social, economic, and environmental value created by a project/ program or organization. Unlike traditional financial metrics, SRoI captures the broader impact on stakeholders and communities. For the Lotus Petal Foundation, SRoI is used to assess the effectiveness of social sector programs designed to support students and youth from socio-economically disadvantaged backgrounds.

Social Return on Investment (SROI): Value Per Rupee Spent

SROI measures the social, economic, and environmental value created for every ₹1 invested. Here's what the numbers say:

Education
₹ 1 → ₹3.12 in social value

Nutrition
₹ 1 → ₹2.44 in social value

Livelihood
₹ 1 → ₹5.28 in social value

Our integrated model ensures that every rupee invested generates measurable, lasting change - transforming the lives of underserved children and youth across India.

Your support makes this possible.
Let's multiply the Impact, **TOGETHER**.

Key Outcomes

Respondents reported a reduction in the cost of schooling and higher education.	**100%**
Reported improved physical and mental health.	**97%**
Reported improved skills, confidence, and employability.	**98%**
Families reported higher household savings and improved quality of life.	**53%**

UN SDG ALIGNMENT

At Lotus Petal Foundation, our work is deeply rooted in the United Nations Sustainable Development Goals. Every program we run, from the classroom to the community, is designed to move the needle on the issues that matter most: ending poverty, ensuring good health, and delivering quality education to children who need it most. We believe that lasting change happens when local action is grounded in a shared global vision, one where no child is left behind because of where they were born.

While our primary focus remains on **quality education, good health & well-being, and decent work & economic growth**, our integrated programs contribute across ten Sustainable Development Goals, advancing equity, opportunity, and long-term community development.

Thirteen global goals, united by one purpose, leaving no child behind.

LOTUS PETAL

ALUMNI SUCCESS STORIES

SANJANA SETHI

(2013 - 2026)

Sanjana Sethi's journey with Lotus Petal Foundation began in Nursery and continued until Class 12, making it the foundation on which her future has been built. Beyond academics, the school gave her a safe environment to learn; the consistent support of her teachers and the opportunities she received helped shape not only her education but also her outlook towards life and work.

Today, Sanjana is pursuing a Bachelor of Arts (BA) in Sociology from Sikkim Manipal University and has been selected as a Customer Support Associate (Voice Process) at Concentrix. As she begins her professional journey, she carries with her the confidence, discipline, and values nurtured at Lotus Petal Foundation.

Her story is a reflection of how sustained access to quality education and the right support can prepare young people to step into higher education, meaningful employment, and a future of greater possibilities.

SATYAM SHARMA

(2018 - 2025)

Satyam Sharma joined Lotus Petal Foundation as a quiet, hesitant student with little confidence and no clear direction. Over the years, the support of his teachers, stronger academic performance, and early exposure to technology helped him discover his potential and develop a passion for Computer Science.

Today, Satyam is pursuing a BCA from Manipal University Jaipur while working as a Personal Health & Fitness Trainer at Fitclub Gym. As he continues to build a career in technology and support his family, he credits Lotus Petal Foundation for giving him the confidence, opportunities, and foundation to shape his future.

ASHISH KUMAR

(2018 - 2025)

Ashish Kumar studied at Lotus Petal Foundation from 2016 to 2022, where a strong learning environment, constant mentorship, and exposure to technology helped shape his confidence and career aspirations. The foundation not only equipped him with technical skills but also instilled the discipline and resilience that continue to guide him as he builds his future.

Today, Ashish works as a Technical Support Executive with a UK-based telecom company while completing his final year of graduation. With a growing interest in cybersecurity, he is steadily working towards a career in the field, carrying forward the values and opportunities that began at Lotus Petal Foundation.

SABBIR ALI

(2014 - 2024)

Sabbir Ali's journey with Lotus Petal Foundation began in 2014. Coming from a family where both parents worked as domestic helpers, he entered the Pratishthan Learning Programme struggling academically and with irregular school attendance. Through consistent support from teachers and counsellors, he gradually built confidence, strengthened his learning, and discovered his potential. Opportunities in leadership, sports, public speaking, and digital learning helped him grow into a confident young adult with clear career aspirations.

Today, Sabbir is pursuing higher education while working as a Travel Specialist at TripzyGo, supporting his family financially. Along the way, he has also explored entrepreneurship by founding a service startup and gained experience across customer service, admissions, and digital marketing. His journey reflects how sustained guidance, skill development, and the right opportunities at Lotus Petal Foundation can help young people build meaningful careers and transform their futures.

VIVEK KUMAR

(2014 - 2019)

Vivek Kumar joined Lotus Petal Foundation in 2018 as part of the Fast Track Programme, where the academic support, mentorship, and skill-based learning helped him build confidence, strengthen his communication skills, and prepare for life beyond school. Through the guidance of his teachers and counsellors, he developed the discipline and resilience that continue to shape his professional journey.

Today, Vivek works as a Query Resolver in the Escalation Team at Redcliffe Labs, where he resolves customer concerns and develops strong problem-solving and communication skills. Alongside his academic journey, he participated in debates, quizzes, theatre, and vocational courses such as web designing and technology, experiences that broadened his skills and career readiness.

Coming from a family where his father is an auto-rickshaw driver, Vivek now takes pride in supporting his family while building a promising career.

VIKAS GOSWAMI

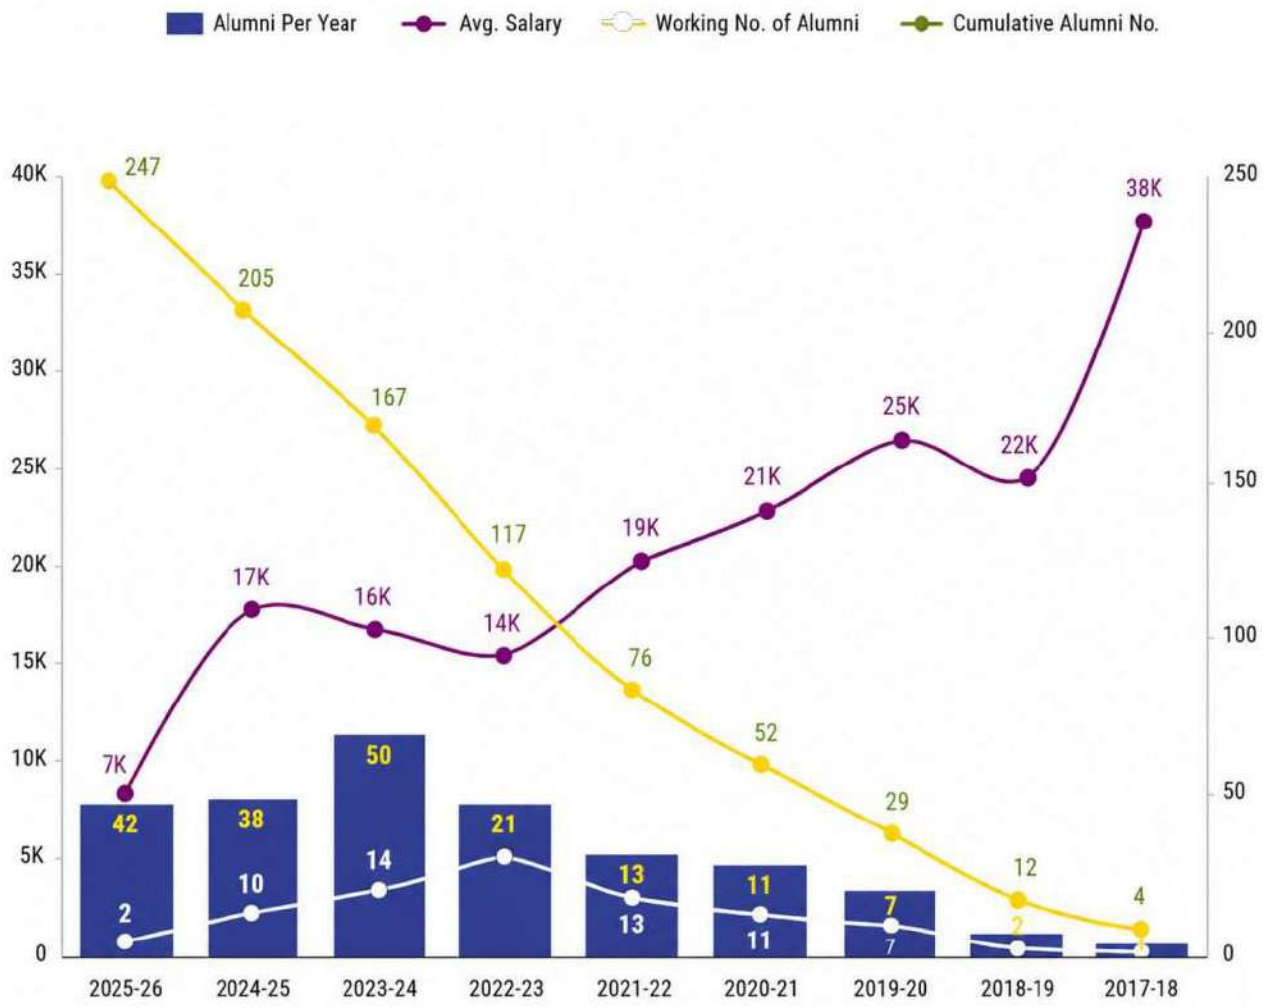

(2014 - 2019)

Vikas Goswami's journey with Lotus Petal Foundation laid the foundation for his academic and professional growth. The guidance, learning opportunities, and supportive environment helped him develop the confidence, discipline, and technical skills that continue to shape his career.

Today, Vikas has completed a Bachelor of Science in Physics along with ITI and TITS certifications, and is working in Gurugram, where he continues to strengthen his professional skills. Looking ahead, he plans to pursue an MBA to expand his career opportunities, carrying forward the values and determination nurtured during his time at Lotus Petal Foundation.

EDUCATION STATUS

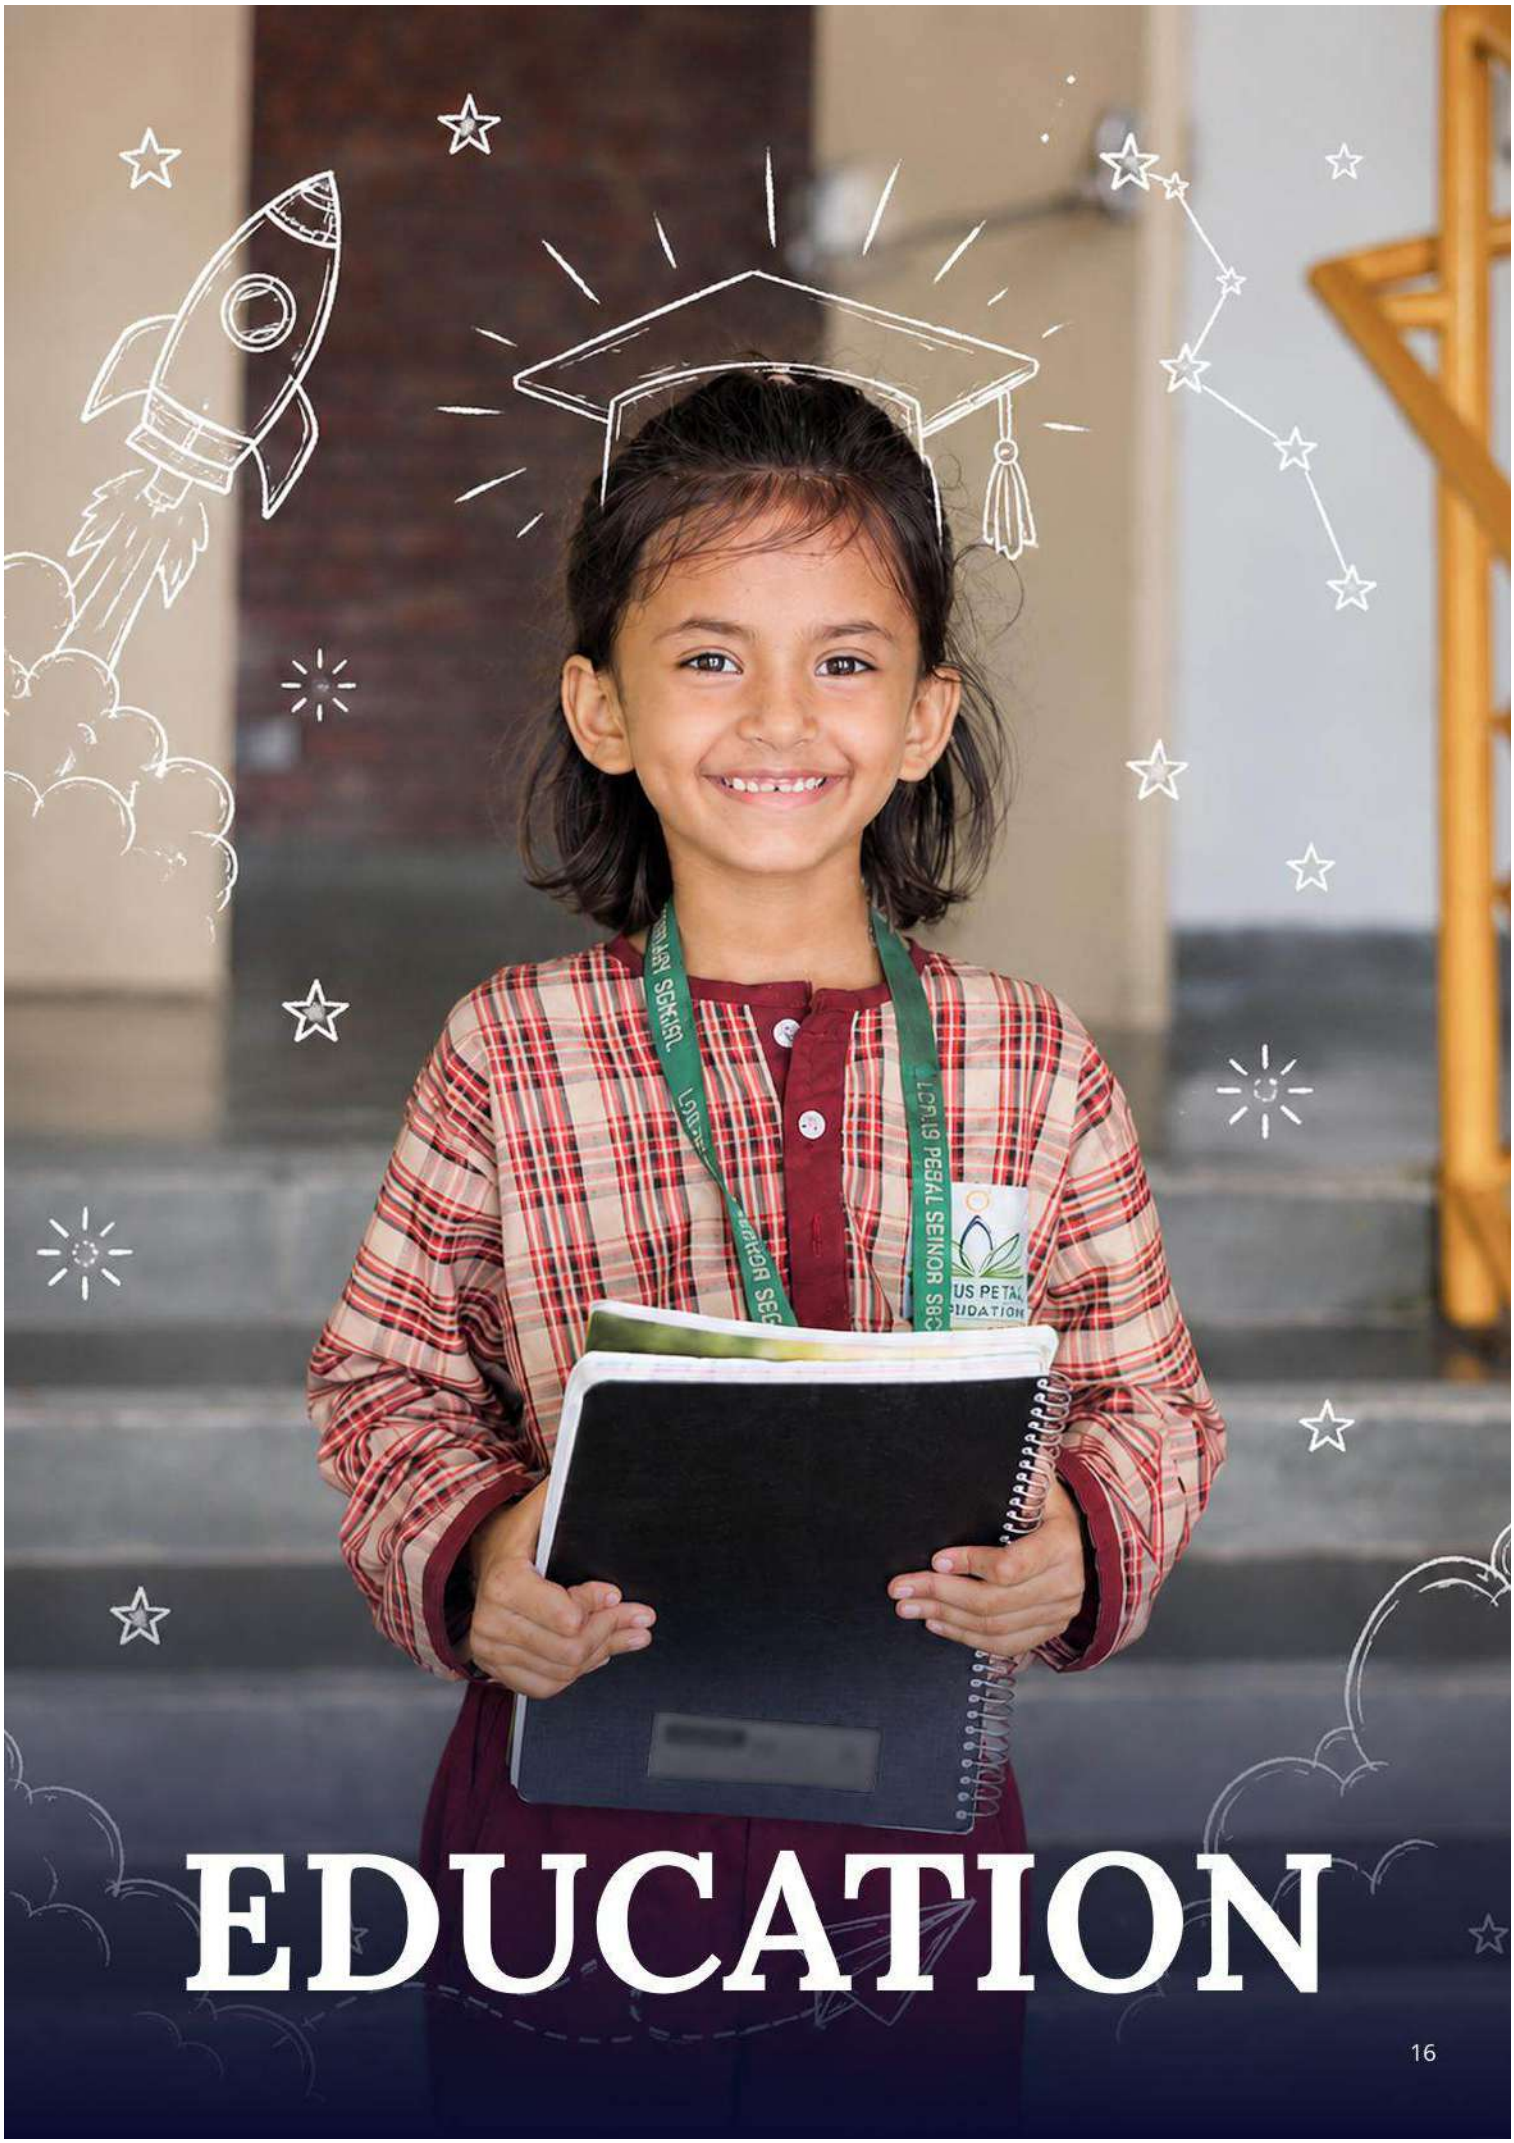

Lotus Petal Foundation - Alumni

Total Students	Reappearing	Total Alumni	Working	Working + Higher Studies	Higher Studies	Higher Studies + Intership	Unemployed	Not Connected
248	1	247	29	29	121	29	121	0

Total No. of Alumni - Earning	Total Salary They Are Earning	Salary Earning (Per Alumni) - Avg.	Total Family Income	Family Income - Avg.
109	₹1,613,150	₹18,331	₹5,816,964	₹27,569

The alumni data reflects a strong transition from education to employment and higher studies. Of **248 alumni, 109 are currently earning,** collectively generating **₹16.13 lakh in earnings** while contributing to a **total family income of ₹58.16 lakh.** Across its wider alumni community, Lotus Petal Foundation has supported **500+ alumni earning 1.5–2.5 times India's per capita income,** demonstrating the lasting impact of **quality education, career guidance, and continued support.**

EDUCATION

EDUCATION PROGRAMS

At Lotus Petal Foundation, learning is the foundation of lasting change. We nurture children from their earliest years, equipping them with knowledge, essential life skills, confidence, and the support they need to realise their full potential.

Our education ecosystem brings together schools, bridge learning, and technology-enabled programmes to make quality education accessible, inclusive, and transformative for children from diverse backgrounds.

LOTUS PETAL SR. SECONDARY SCHOOL

The Lotus Petal Senior Secondary School is a CBSE affiliated school with classes upto grade 12th, located in Dhunela, Gurugram.

VIDYANANDA, EARLY LEARNING & CARE CENTRE (A PART OF LPSSS)

Vidyananda, The Early Childhood Care and Education Centre, located in Dhunela, Gurugram, is an age-appropriate English medium school for the underserved children. Started in 2013 with just 20 students, this feeder school is for students up till Grade 1.

VIDYA SAHYOG

The Vidya Sahyog program offers support to affordable Private Schools, NGO-run schools, Remote Learning Centers, Government Schools and Feeder Schools with Infrastructural Support, E-Learning channels and Teacher Training.

PRATISHTHAN LIVE

A unique Fast-Track education program through which out-of-school teenagers with fractured learning, can complete their education in a 5 years based learning program.

LOTUS PETAL SR. SECONDARY SCHOOL

The Lotus Petal Senior Secondary School is a CBSE affiliated school offering education from Nursery till Grade 12, in Dhunela, Gurugram.

Located on a **1,20,000 sq.ft** campus the school is purpose-built to serve children from underserved backgrounds with dignity, quality and education with state-of-the-art infrastructure and advanced learning facilities.

Our infrastructure reflects this commitment. Currently, the school is equipped with digitally enabled classrooms and cutting edge labs including Computer, Composite, Biology, Chemistry, Physics, Mathematics, STEM & an astonishing Astronomy Lab. We also house well stocked library and skill development labs, all aligned with National Education Policy (NEP).

The in-house Kitchen & Dining block has the capacity to serve over **10,000 meals per day**, providing our students with freshly cooked nutritious meals- breakfast & lunch daily. This is a foundational part of our approach to create learning readiness.

To support the holistic development of our students, the school is also equipped with an outdoor & indoor games area and a Performing Arts room where students can play musical instruments, dance and perform theater.

Every classroom, every lesson, and every opportunity is designed to help children learn with confidence, grow with dignity, and dream without limits. Through academic excellence, creativity, and character, we build the foundation for children to lead meaningful and successful lives.

SALIENT FEATURES

- Age-appropriate **English medium** curriculum delivered by full time, salaried academic staff.
- **CBSE affiliated school** up to Grade 12, with structured assessments across all levels.
- **Lockdown-proof hybrid learning model** ensuring continuity.
- Focused pedagogy for **first-generation learners**, grounded in empathy and rigour.
- **Parental engagement** through regular unit tests, term exams, and PTMs.
- **Grade level assessments** & **FLN assessments** conducted annually.
- Regular **Teacher learning** and **Development** through capacity-building workshops.

PROGRAM UNIQUENESS

Our educational model is built on the belief that every child deserves the opportunity to succeed. Through a carefully designed blend of academic rigour, wellbeing, inclusion, and experiential learning, we create pathways for children to thrive both inside and beyond the classroom.

Remedial support for slow learners to ensure no child is left behind, consistent focus on academic learning & outcomes.

Academic Quality Assessment (AQA) combined with continuous quality checks as baseline/endline testing, outcome tracking, classroom observations, and notebook reviews.

Mindfulness and wellbeing embedded in the school day, with daily positive affirmations and time carved out for meditation.

Life skills, art integration, and inter-disciplinary learning are a core part of the timetable.

Dedicated monthly themes explored through assemblies, clubs, and inter/intra school competitions.

Inclusive learning environment driven by partnerships in gender sensitivity, AI-powered tools, and experiential pedagogies.

End-to-end transportation to ensure safe and reliable access to school for every child.

Vocational Learning designed to equip students with practical skills, industry exposure and career-oriented competencies alongside academic learning.

Mental Health support A dedicated team of counsellor focusing on early identification and timely intervention, LPSSS aims to ensure that no child feels alone while navigating academic pressures, personal challenges or the complexities of adolescence.

Through career counselling, aptitude and interest exploration, interactions with professionals, skill-based learning, internships, college and career guidance, and exposure to diverse fields, students are encouraged to understand their strengths and explore pathways that align with their aspirations

At Lotus Petal Senior Secondary School, education is not a privilege, it's a promise we uphold every single day.

ACHIEVEMENTS

01. On April 12th and 13th, students of Lotus Petal Senior Secondary School participated in the prestigious Y-Ultimate Tournament – Inter-School Frisbee Competition held at Jamia College, Delhi. The event was a dynamic showcase of agility, strategy, teamwork, and true sportsmanship. We are immensely proud of our students who brought home accolades and represented the school with great enthusiasm and spirit:

MARIYAM (GRADE 9-C) – Winners' Medal (1st Position) & Spirit of the Game Award
ARTI – Runner-up, Spirit Award
SONAM – Runner-up, Spirit Award

02. LPSSS hosted the inaugural **Shomik Ghosh Cup**, an intra-school chess tournament for Under-14 and Under-17 students, sponsored by Ms. Ritu Bansal. The event celebrated strategy, discipline, and sportsmanship, with enthusiastic participation from students.

WINNERS:

Under-17: Gaurav (9A) & Swati (11B)
Under-14: Yashraj (7B) & Sonakshi (8A)

03. LPSSS students participated in **Vivaad**, an inter-school debate competition hosted by the Mount Olympus Group of Schools. Competing among 150 participants, **Khushi Kimari (Grade 8B)** secured **10th position**, while **Ashu (Grade 8B)** secured **11th position**, showcasing outstanding confidence, critical thinking, and public speaking skills.

04. Students of LPSSS (Grades VI–VIII) secured **Second Prize** at **Rangmanch (Nukkad Natak)** hosted by GD Goenka Signature School. Through a powerful street play on **Voting Rights and Responsibilities**, the team raised awareness about the importance of active citizenship, impressing the judges with their impactful storytelling, confidence, and stage presence.

05. **Manu (Grade XI-A)** made LPSSS proud with his outstanding performance at a cricket tournament organised by Harmony Club NGO. Playing a key role in his team's victory, he was awarded **Best Batsman of the Match** for his exceptional batting.

06. The talented dancers of LPSSS secured **Second Prize** at the **Inter-School Dance Competition** held at SD Adarsh School, Sector 47, Gurugram. Guided by **Ms. Shalini Darmwal**, the team delivered a captivating Kathak performance depicting **Draupadi Cheer Haran** from the Mahabharata, impressing the judges with their expressive storytelling, grace, and teamwork.

07. LPSSS marked a proud milestone by participating in **BBIMUN 2025** for the first time. Students from Grades 9 and 11 showcased exceptional confidence and diplomacy, with our girls winning **four Best Verbal Mention Awards** and our boys earning nominations among the **Top 10 Best Delegates**. Representing the **FIA** and **ILO** committees, they demonstrated outstanding research, critical thinking, and teamwork—making the entire school proud.

08. Sonam of Grade 10-A led **Team Dhakad** to victory at the **Y Ultimate Frisbee Tournament** held at Jamia College, Delhi, on 11–12 October. Winning **five of six matches**, the team emerged as champions among ten competing teams. From runner-up last year to gold medalist this year, Sonam's dedication and perseverance outshined all.

09. In ASSET 2026-27, 10A secured above the national average in Science. A total of 11 students received certificates of outstanding performances, 8 in Science and 3 in Mathematics.

10. Lakshay of Grade 6-C secured **2nd Position** in a skating competition held at Acme International School, Sohna. Competing against **40 Under-14 participants** across **four rounds**, he demonstrated remarkable speed, focus, and determination throughout the event.

11. Radha of Grade 7-A secured **2nd Position** at the **Haryana State ISKF Karate-Do Championship 2025**. Her achievement reflects exceptional skill, discipline, and determination, making the LPSSS community proud.

12. Rekha Kumari of Grade 8-A achieved an outstanding **90% scholarship** in **P-WNSAT 2025**, the national scholarship test by Physics Wallah Vidyapeeth. She secured **State Rank 11** and **All India Rank 218**, making the LPSSS community proud.

13. Manu of Grade 12 delivered an outstanding performance at a cricket tournament organised by Harmony House (NGO), earning the **Player of the Match** award and winning the **Best Batsman** title twice. His achievement reflects exceptional skill, consistency, and sportsmanship.

14. Khushi Singh of Grade 8-B secured **4th Rank** and a place among the **Top 10** in a painting competition organised by **MSME, Government of India**. Her exceptional creativity and artistic talent earned her a certificate and medal, making LPSSS proud.

15. Students of **Grade 8-B** were awarded scholarships in the **SCORE: Sri Chaitanya Outstanding Achiever Reward Examination** for their excellent performance. Their achievement reflects their dedication, hard work, and commitment to academic excellence.

16. Fifteen students from Grades 8-11 participated in the **CIVIS MUN** hosted by GD Goenka School, strengthening their diplomacy, public speaking, and critical thinking skills.

ACHIEVEMENTS:

Best Delegate: Abhishek (Japan)
High Commendation: Sakshi (France), Vanshika (Ukraine)
Special Mention: Aditya (USA), Khushi (UK)
Verbal Mention: Raginee (China), Adityaa Kumari (Netherlands)

17. Students from Grades 6 to 11 participated in the **Viksit Bharat Buildathon**, a CBSE initiative promoting innovation and problem-solving. Through creative projects based on the themes of **Vocal for Local, Atmanirbhar Bharat, Swadeshi,**and **Samriddh Bharat**, they strengthened their critical thinking, collaboration, and hands-on learning while developing solutions for real-world challenges.

18. Students from Grades 7 to 11 proudly represented LPSSS at Vibgyor **Viva – Star Ensemble** hosted by Vibgyor High, Gurugram. Their captivating **Horror Skit** impressed the audience with its powerful performances and teamwork, while the dance team advanced through **two competitive rounds**, showcasing confidence, creativity, and artistic excellence.

19. Students of Grades 9 and 11 earned the prestigious **Spirit Award** at the **Inter-School Ultimate Frisbee Tournament** hosted by Y-Ultimate at Games Forest, Gurugram (9–11 January 2026). Competing in their debut at the India-level tournament, the team was recognised for its outstanding sportsmanship, fair play, and teamwork, bringing home the **Spirit Award Trophy, medals, and certificates**.

20. Students from Grades 6-10participated in the **India Quiz 3.0 Finale Round**, a national quiz on India's rich cultural heritage with participation from over **600 schools** and **18,000 students. Eleven LPSSS students** earned **Certificates of Appreciation** for their commendable performance, reflecting their curiosity, cultural awareness, and academic excellence.

21. Students from Grades 6-11 participated in the **SOF Olympiads 2025–26**, with **188 students** representing LPSSS. Demonstrating outstanding academic excellence and problem-solving skills, our students earned **31 Gold Medals of Excellence**, making the school proud.

23. Manav of Grade 6-C secured **1st Position** in a skating competition held in Kalkaji, Delhi. Competing against over **500 participants** across **five challenging rounds**, he showcased exceptional skill, determination, and perseverance to emerge as the champion.

22. The first Grade 10 CBSE Batch of LPSSS secured a 100% pass percentage in the CBSE Board results.

24. LPSSS students showcased exceptional diplomacy and critical thinking at the **RPS Model United Nations** hosted by RPS International School, Gurugram.

ACHIEVEMENTS:

Aditya (9-A): Special Mention, UNHRC (Italy)
Shagun (9-A): Honourable Mention, UNCSW (Sweden)

VIDYANANDA PROGRAM

Vidyananda, the Early Childhood Care and Education centre is an age-appropriate English medium program for the underserved children. Started in 2013 with just 20 students, the program benefits students up to Grade 1.

SALIENT FEATURES

- Age-appropriate English medium feeder school.
- Follows NCERT based curriculum.
- Tailor-made curriculum for the child from underserved community.
- Attention given to the holistic development of the child with activities like fitness, art and theater.
- Unit tests, term exams and periodic parent teacher meetings keep parents engaged in their child's education.

PROGRAM UNIQUENESS

- With strong focus on bridging the nutritional gap in younger children, we provide special breakfast and nutritious meals as per the guidelines enlisted by the mid-day meals program and the Supreme Court of India.
- Special educators have been appointed to support students who show signs of delayed learning. Detailed assessment reports are maintained to evaluate each child's gradual development.
- Emphasis on empirical learning through activity based teaching methodology. The curriculum has been designed to clear cognitive learnings via doing motor skills activities for stronger foundation.
- Detailed assessment reports are maintained to evaluate the child's gradual development with confidentiality.

Foundational Skills:

We build core abilities through recognition, reading, and play-based activities, boosting recall and muscle memory.

Structured Day:

Students enjoy an allotted nap time after a day of diverse learning and play.

OUR FOCUS AREAS

Reading Focus:

We provide dedicated reading corners to foster a love for books.

Engaging Learning:

Circle Time uses monthly themes to encourage engagement, learning, and retention through creative repetition.

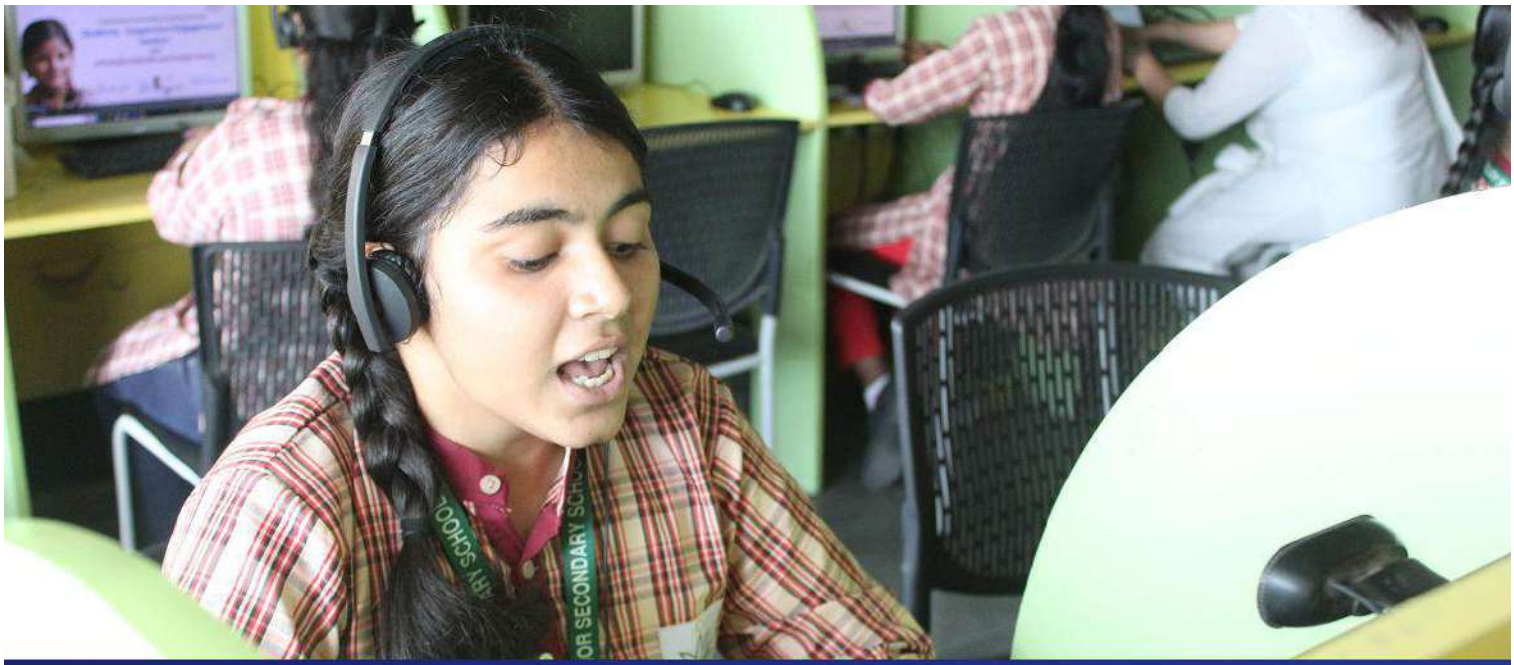

Motor Skill Development:

We enhance fine motor skills with hands-on activities like tearing, pasting, and drawing, often using waste materials.

Creative Expression:

Theatre and drama create a safe space for children to open up and learn new languages and systems.

PRATISHTHAN LIVE

Lotus Petal Foundation's flagship open schooling initiative, designed to provide underprivileged and underserved learners with access to formal, certified education through the **National Institute of Open Schooling (NIOS)**.

The program has transitioned to Pratishthan Live, Digital-only program.

The program enables students to pursue and complete their **Class 10 and Class 12 certifications**, offering a **structured and accessible pathway** for those who have been unable to continue within the conventional schooling system due to **financial, social, or circumstantial barriers**.

Key Outcomes (2024–2026)

Alumni now working & studying across India	**250+**
NIOS Class 12 result, 42 out of 42 passed	**100%**
Years guiding learners through NIOS	**12+**
Learners taught online, Pan India	**Pan-India**

Through a combination of **dedicated academic support**, **digital learning resources, and personalized guidance**, Pratishthan Live equips learners with the tools and confidence needed to complete their secondary and senior secondary education. The initiative reflects the Foundation's broader commitment to **educational equity**, ensuring that circumstance does not determine a young person's access to opportunity.

By bridging gaps in access to quality education, Pratishthan Live continues to open doors for students to pursue higher education, vocational training, and sustainable livelihoods, reinforcing Lotus Petal Foundation's mission of building a more inclusive and empowered future.

Every learner deserves a second chance. Pratishthan Live turns that chance into opportunity.

A recognised certification. A renewed opportunity. A stronger future.

VIDYA SAHYOG

The Vidya Sahyog program offers support to affordable Private Schools, NGO-run schools, Remote Learning Centers, Government Schools and Feeder Schools with Infrastructural Support, E-Learning Channels and Teacher Training.

SALIENT FEATURES

- Provides E-Learning, Physical Learning and Infrastructural Support to affordable private schools, NGO-run schools, Government Schools and Feeder Schools.
- Student records, schedules of classes & academic programs are maintained.
- Remedial Classes after school.
- Currently teaching 7000+ students in 100+ partner schools across 16 states in India.

PROGRAM UNIQUENESS

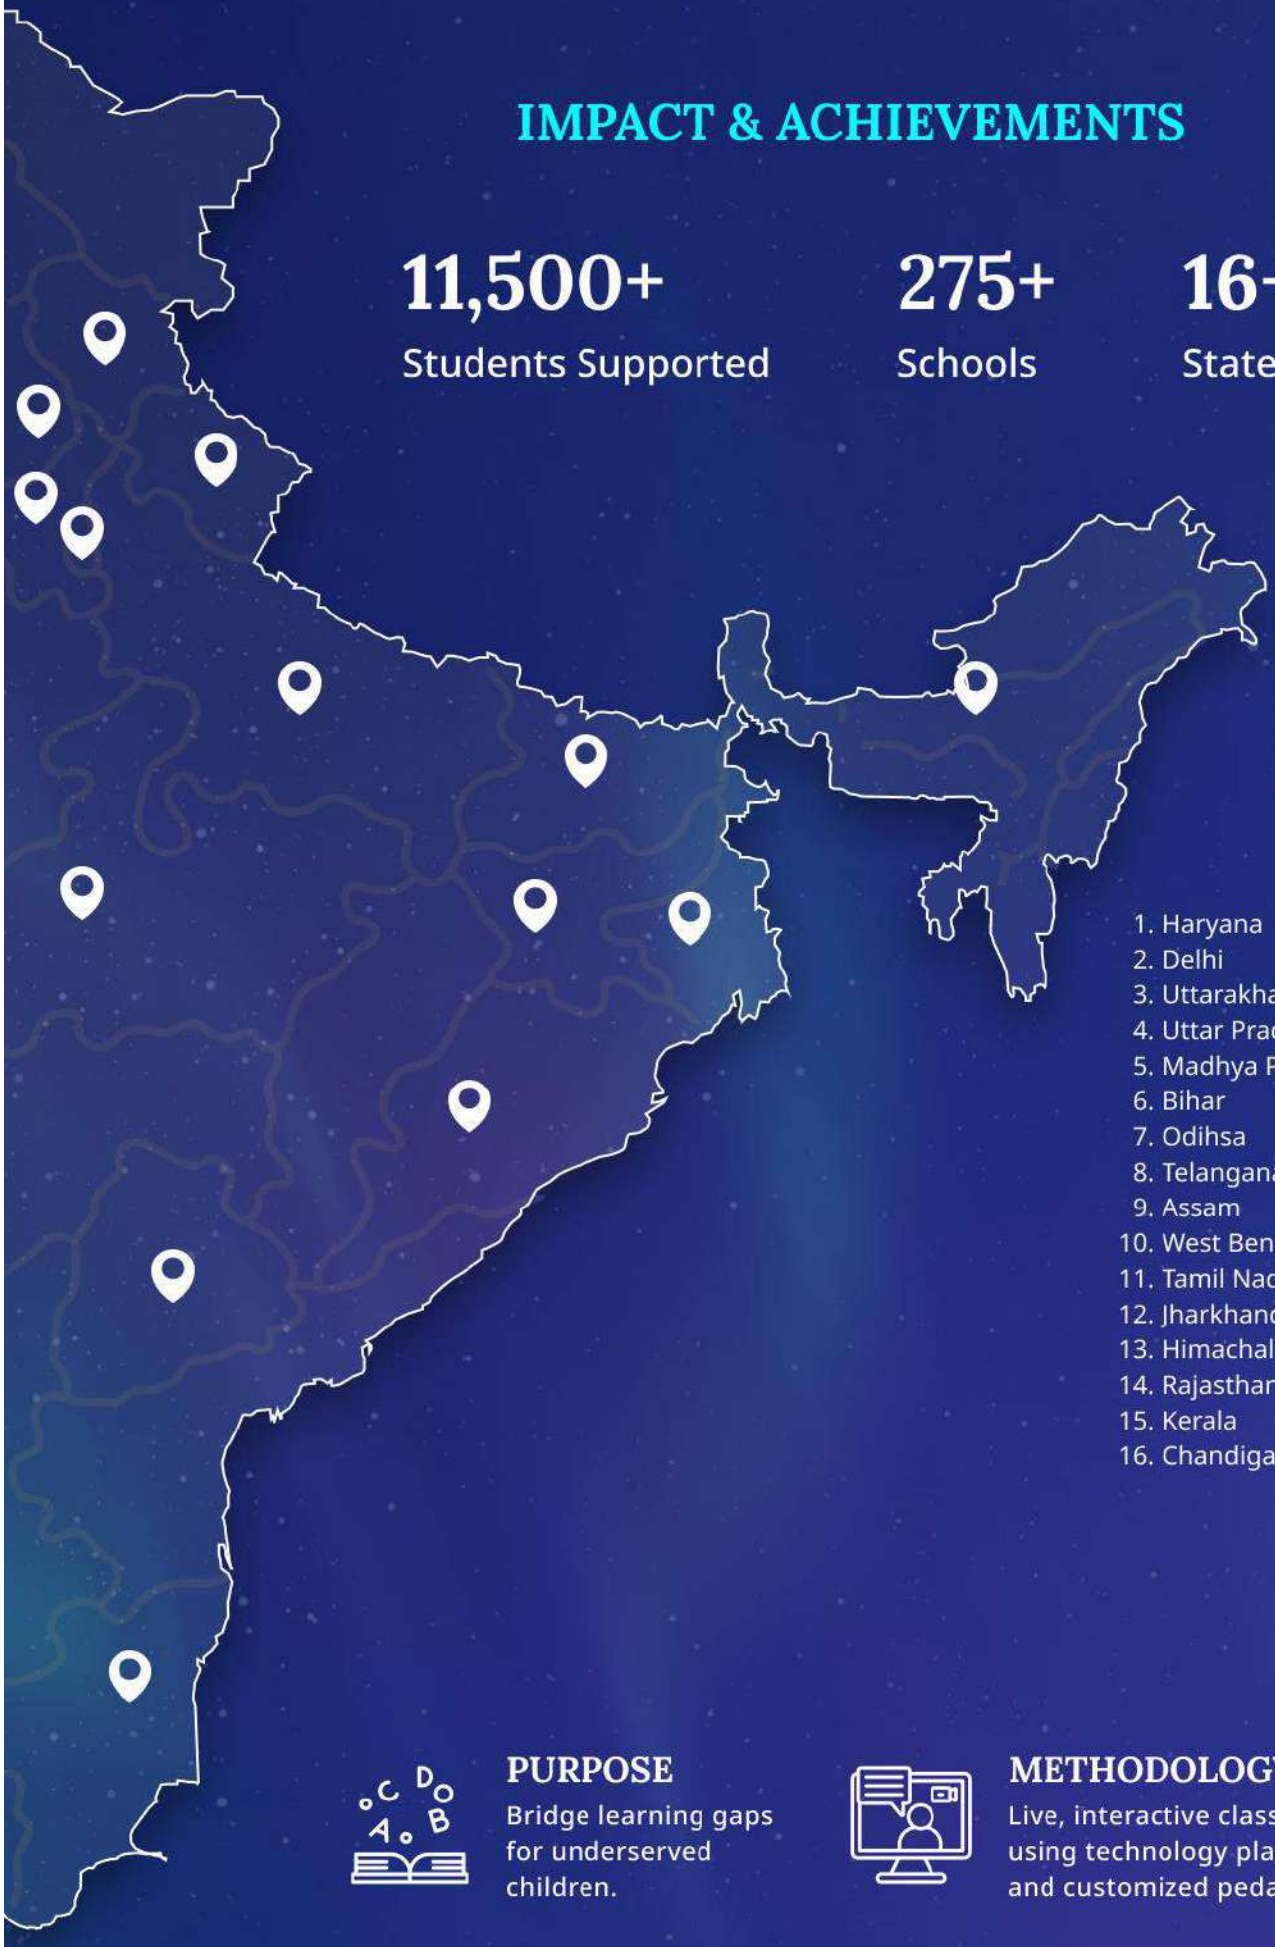

- The program expands the ambit of accessing online education via digital rooms from where teachers, even if at home, can take online classes across the country in a timely and a structured manner.
- The program has been designed to save gestation time and cost, which aids in channeling resources for the comprehensive development of infrastructure.
- The program follows a tailor-made curriculum that is based on the learning level of the students.
- The partner school teachers are trained and assisted on how to conduct online classes, impart learnings according to specific curriculum design and manage the student records.

IMPACT & ACHIEVEMENTS

PURPOSE

Bridge learning gaps for underserved children.

METHODOLOGY

Live, interactive classes using technology platform and customized pedagogy.

VIDYA SAHYOG

Transforming School Infrastructure.

A child's learning environment plays an important role in how safely, confidently and consistently they can participate in education. Yet many government schools continue to face infrastructure challenges ranging from deteriorating classrooms and inadequate sanitation to limited access to clean drinking water, laboratories and technology-enabled learning spaces.

Through **Vidya Sahyog**, Lotus Petal Foundation works to transform existing government school infrastructure into **safe, modern and dignified learning environments**. The programme goes beyond renovation addressing essential facilities, learning spaces and long-term upkeep to create schools where students can learn with confidence and teachers can teach in an environment designed to support them.

BUILDING HOPE THROUGH INFRASTRUCTURE

We create lasting change by addressing critical infrastructure needs through comprehensive approach:

Safe & dignified learning Spaces

Renovated buildings and classrooms create safer, more comfortable spaces that reinforce the value of every child's education.

Water, sanitation & dignity

Access to clean drinking water and separate, hygienic sanitation facilities for boys, girls, and teachers, enabling every student to attend school with dignity and confidence.

Future-ready learning spaces

STEM, Science and Computer laboratories give students opportunities to experiment, explore and engage with learning beyond textbooks.

Better classroom environments

Desks, chairs, blackboards and other essential furnishings help create organised and effective spaces for everyday teaching and learning.

Sustaining the transformation

Continued attention to school assets and facilities helps ensure that infrastructure improvements remain useful and vibrant over time.

FROM INFRASTRUCTURE TO IMPACT

51+
Schools Transformed

24,000+
Students Benefiting

15–20%
Increase in Attendance Post-Upgrade

Alongside upgraded classrooms, Vidya Sahyog has strengthened school facilities through **STEM labs, computer labs, science installations, clean drinking water systems** and **improved learning infrastructure** creating permanent assets designed to serve students for years to come.

MORE THAN A PHYSICAL TRANSFORMATION

The condition of a school can influence much more than its appearance. Inadequate sanitation can contribute to absenteeism, particularly among girls; unsafe or uncomfortable classrooms can affect learning; unreliable power can limit access to digital education; and neglected surroundings can diminish students' confidence in their learning environment.

Vidya Sahyog works to change this experience.

The transformation is visible in schools such as **GMS Lohatki, Sohna and GGSSS Jacobpura, Gurugram**, where ageing and inadequate spaces have been upgraded into cleaner, safer and better-equipped learning environments.

At GMS Lohatki, upgraded science laboratories, computer facilities and the library have helped create a more engaging environment for students. **Harsh Kumar, a Grade 7 student** featured in the programme's success story, represents the aspirations these improved spaces are designed to nurture. His family shared that following the infrastructure improvements, students enjoy coming to a school that is now neat, clean and equipped with new learning facilities.

A SCHOOL SHOULD INSPIRE POSSIBILITY.

By improving the spaces in which children spend their formative years, Vidya Sahyog helps turn infrastructure into an enabler of dignity, participation, exploration and opportunity creating learning environments where every child can feel that their education matters.

VIDYA SAHYOG

Live classroom teaching program

Problem Statement

LEARNING GAPS

High learning poverty:

Over 50 million Indian children lack basic reading, writing, and math skills - UNESCO.

High Learning Gaps Persist

76.6% of Class 3 students still cannot read Class 2 text, highlighting slow foundational recovery - ASER 2024.

Arithmetic Weakness

66.3% of Class 3 students and 70% of Class 5 students cannot perform simple arithmetic calculations- ASER 2024.

Persistent Digital Divide

While access has improved, rural-urban disparities remain in terms of quality of digital education, internet access, and device availability - ASER 24.

Around 25% of youth aged 14–18 cannot read a Std II level text in their regional language, and over half struggle with basic division. Only 57.3% can read English sentences. -ASER 2023

SCHOOL CHALLENGES

Limited resources, teacher student ratio - ASER 24.

TEACHER QUALITY

Above one-third of India teachers lacks necessary qualification and training in modern teaching method - ASER 24.

VIDYA SAHYOG

Approach

Equitable Access

To provide quality education in remote and low-resource schools.

Tech-Enabled Learning Model

Running since 2021 – delivering tech-enabled learning for the past 4 years.

Real-Time, Two-Way Interactive Sessions

Acoustically designed digital classrooms located within the Lotus Petal Foundation School Campus, Dhunela.

Dedicated Teachers

1,03,000+	40+	50%
Total Teaching Hours	Total Teachers	Learning Progress

FLN TEACHING

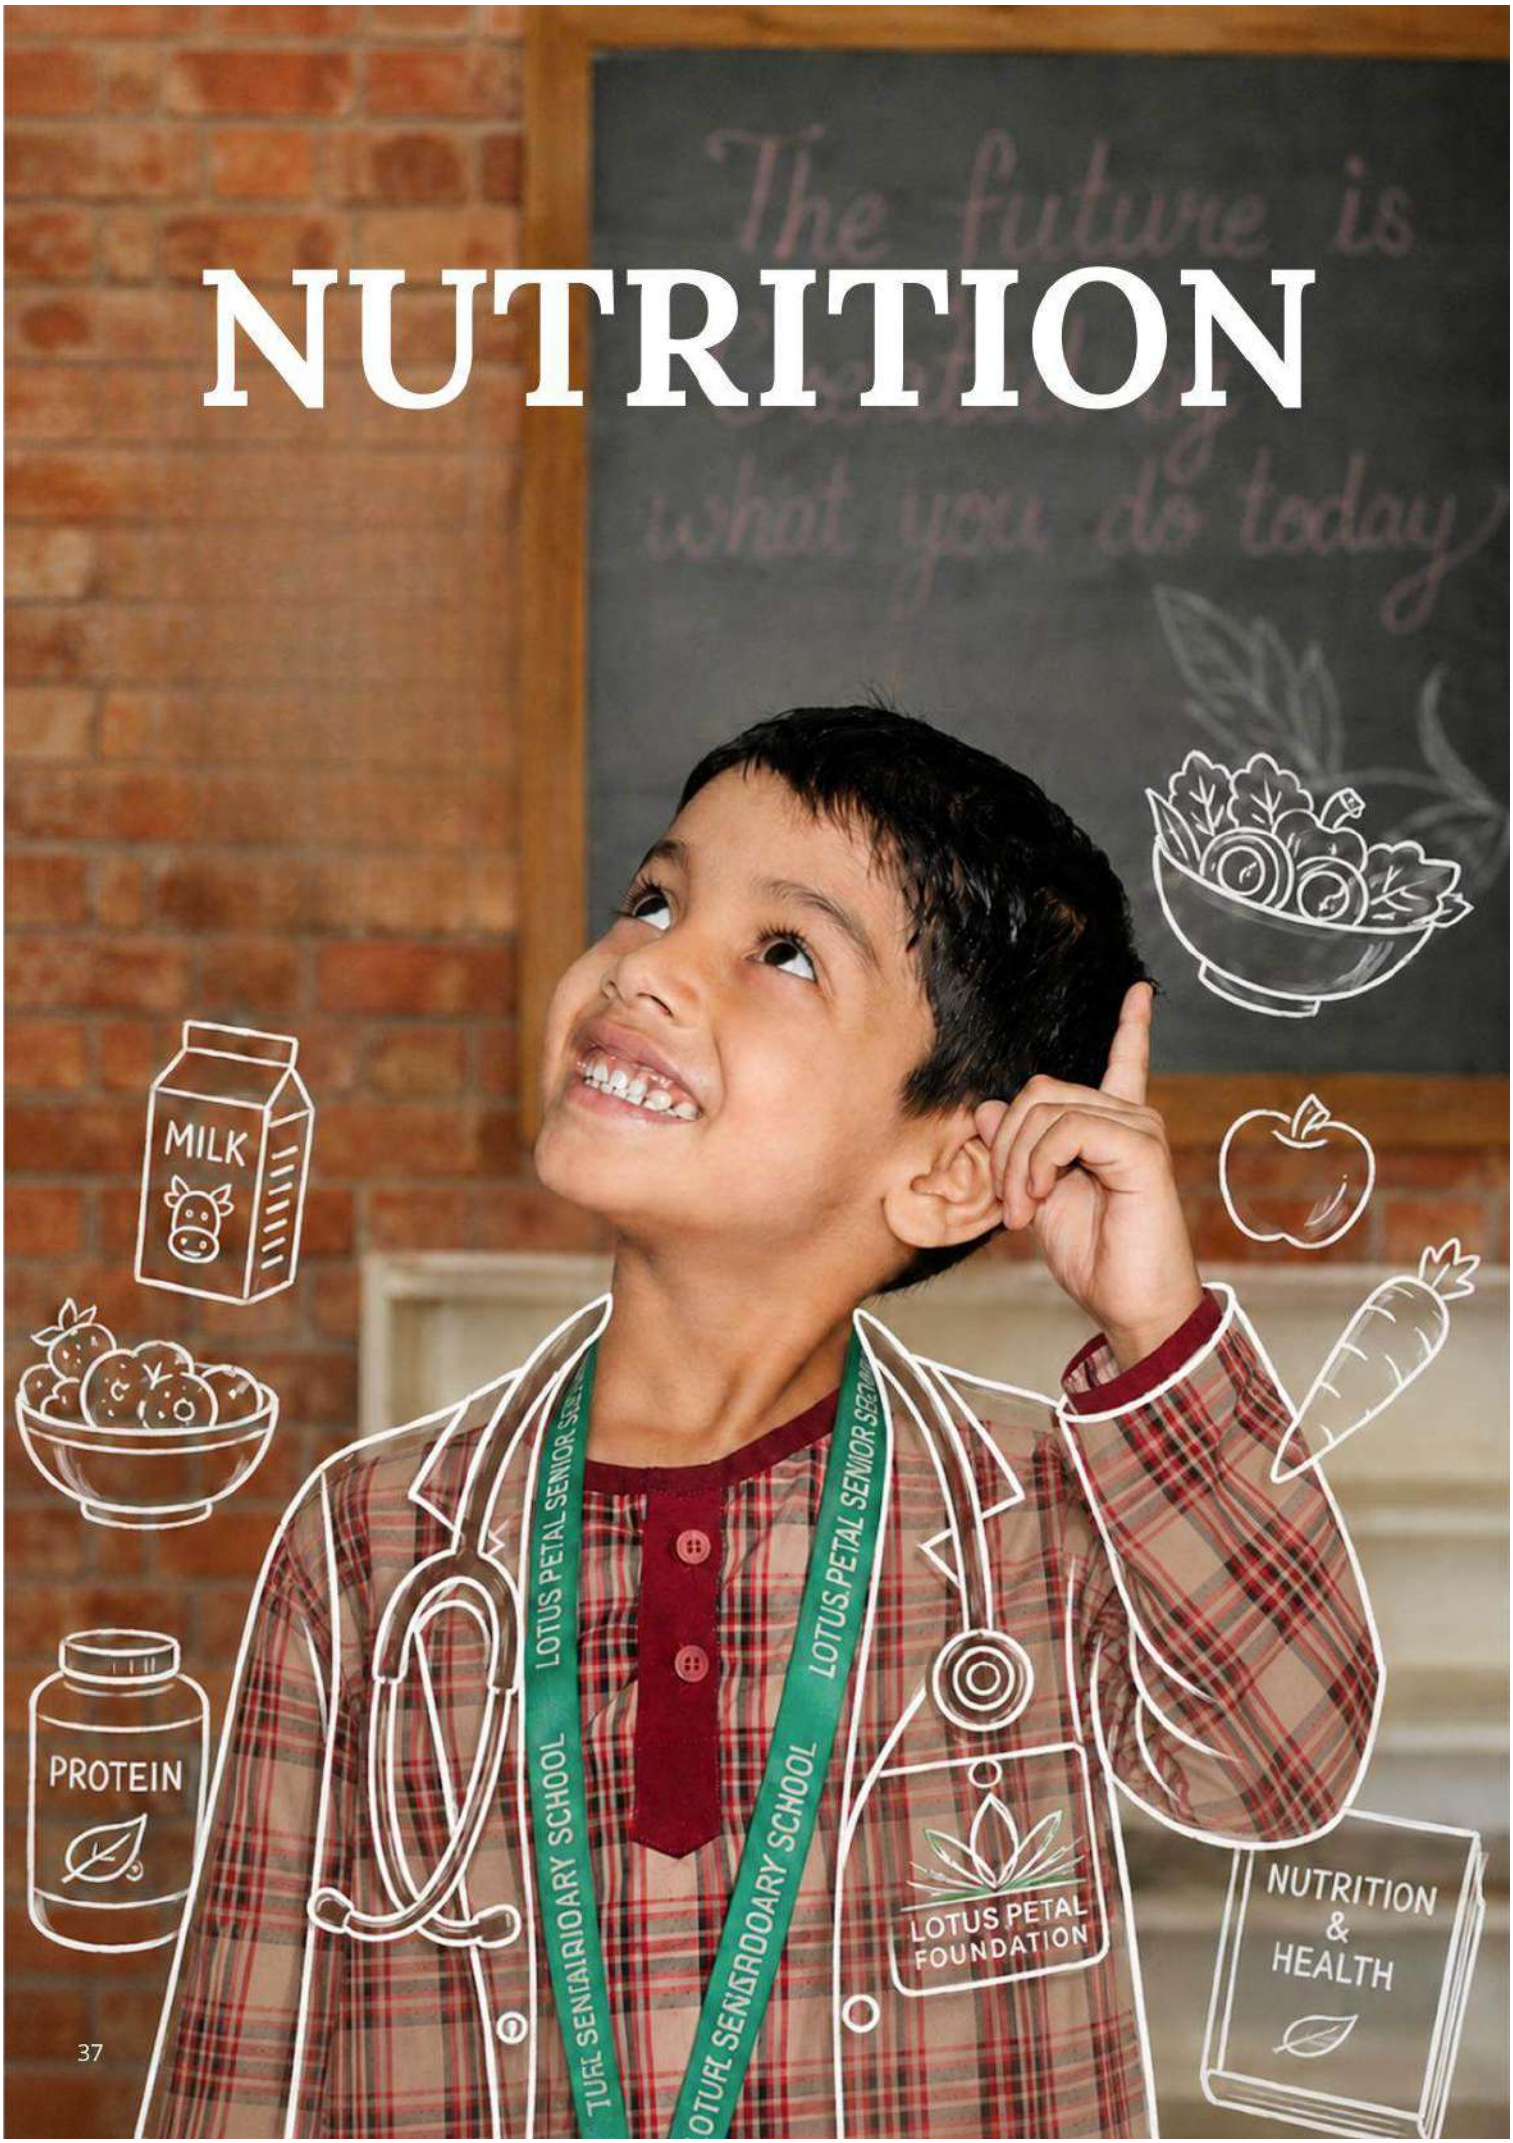

Basic reading, writing, and arithmetic for primary students.

BRIDGE LEARNING

Helps middle schoolers transition to grade-level learning.

CLASS-APPROPRIATE CURRICULLUM

Subject coaching for high school board exam.

AAROGYA WELLNESS

At Lotus Petal Foundation, the Aarogya Wellness Program is our dedicated effort to nurture the physical and mental health of our students. Built with care and intention, the program creates space for children to grow stronger in body and mind, ensuring that well-being isn't an afterthought, but a foundation for learning and thriving.

SALIENT FEATURES

- Inception in February 2021.
- Online consultation with reputed doctors across India.
- Trained nurse assists patient during doctor consultation.
- Free blood sugar and blood pressure monitoring by nurse.
- Digital medical record with unique ID for every patient.
- Timely treatments and referrals in case of requirement of specialized doctor.
- The online doctor's prescribed medicines can be purchased from nearby pharmacies at discounted rates.

PROGRAM UNIQUENESS

- In-house counselors closely interact and monitor students to help them with their stress points and provide inclusive support to navigate and mitigate emotional issues and learning delays.
- BMI and Haemoglobin levels are monitored and updated accordingly for future use.

ZERO HUNGER FOOD BANK

The Zero Hunger Food Bank program ensures that every child at Lotus Petal Foundation starts their day with nourishing, freshly prepared meals. Guided by nutritionists, our breakfast and lunch offerings are designed to support healthy physical growth, laying the groundwork for energy, focus and all-round development in and beyond the classroom.

Today, our campus houses a state-of-the-art functional kitchen that has the capacity of preparing over 10,000 meals per day. The dining hall has been built with a capacity of 1000 seats. All the meals are prepared in our FSSAI registered A+ kitchen with strict adherence to safety and hygienic norms.

SALIENT FEATURES

- FSSAI-certified A+ in-house kitchen.
- Lunch is provided as per Government mid-day meal guidelines.
- Serving our students nutritious, safe and freshly cooked breakfast and lunch since 2014.
- The new program name was coined in 2020 with the scope of expanding to provide relief food supply to needy families during the Covid-19 pandemic.

PROGRAM UNIQUENESS

- Nutritionist-approved meals are served to the students to meet their nutritional requirements. Only seasonal and locally sourced ingredients are used for food preparation.
- Primary school students are served with special breakfast porridge which includes milk, mixed with toddler breakfast cereal whipped together with Omega 3/ DHA supplement and mashed bananas.
- Ensures the intake of 15-18 grams of protein and an adequate amount of carbohydrates by students through lunch cooked with low-spiced seasonal produce.

SKILL DEVELOPMENT & LIVELIHOOD

JEEVIKA

Jeevika provides Vocational Skill Training to students through courses certified by the National Skill Development Council (NSDC). Skill Training is extended to students from Pratishthan and 18-25 year-old young adults who wish to pursue vocational courses in fields relevant in today's job market.

Theoretical & Practical Domain Knowledge, Communication Skills & Personality Development.
The courses are tailored to be 3 or 6 months in duration with a 100% placement job guarantee.

Jeevika offers morning & afternoon batches to students. Additionally, the program takes care of students' nutritional needs by providing freshly cooked, nutritious breakfast & lunch.

SALIENT FEATURES

- Multiple trades available.
- All courses are certified by NSDC.
- Focus on Domain Knowledge, Communication Skills & Personality Development.

PROGRAM UNIQUENESS

- 100% Placement Guarantee.
- Subsidised transportation.
- Free meals.
- On the job training.
- Industrial visits.
- Practical Labs for hands-on training

OUR ECOSYSTEM

ACADEMIC PARTNERSHIP

At Lotus Petal Senior Secondary School, education is not a privilege, it's a promise we uphold every single day.

Y ULTIMATE (OLTRE ULTIME PRIVATE LIMITED)

We partnered with **Y Ultimate (Oltre Ultime Private Limited)** to introduce a **Life Skills Education** program through the sport of **Ultimate Frisbee** for **258 students** across **Grades 9 & 10 at Lotus Petal Senior Secondary School** and **Grades 10 & 12 at Pratisthan Learning Centre**. The program uses sports as a powerful medium to build physical well-being while developing essential life skills among students from underserved communities.

Through structured coaching sessions conducted by trained mixed-gender coaches, students developed key life skills such as **gender sensitivity, respectful communication, teamwork, resilience, conflict resolution, leadership, and the ability to follow instructions**. Regular observations, feedback, and life skills assessments helped track students' progress, while the interactive nature of the program encouraged greater participation, collaboration, confidence, and inclusive learning both on and off the field.

Additionally, students were encouraged to participate in internal tournaments and exposure matches, providing opportunities to apply these life skills in real-world settings while strengthening sportsmanship, teamwork, and self-confidence. Through this partnership, Lotus Petal is nurturing resilient, confident, and socially responsible young individuals equipped with the life skills needed to succeed in school and beyond.

ENGLISH HELPER – ReadToMe

We partnered with EnglishHelper to implement the ReadToMe program for 799 students across Grades I–VI to strengthen English reading, comprehension, pronunciation, and oral language skills. Powered by AI, the platform uses a multi-sensory learning approach to support students in developing foundational literacy skills through interactive, curriculum-aligned classroom learning. During the academic year, 654 classroom sessions were conducted, providing students with structured opportunities for guided reading, listening, and comprehension activities.

The ReadToMe platform was seamlessly integrated into regular classroom instruction, helping students improve reading fluency, vocabulary, comprehension, and spoken English through AI-supported learning. Teachers observed noticeable improvements in students' confidence while reading aloud, classroom participation, listening skills, and independent engagement with English texts. The platform also equipped teachers with training, analytics, progress tracking, and personalised learning insights to better identify learning gaps and support students' progress.

Through this partnership, Lotus Petal strengthened its technology-enabled learning ecosystem, making quality English education more engaging and accessible. By combining AI-powered instruction with classroom teaching and continuous teacher support, the program helped build stronger foundational literacy skills, improve independent reading habits, and improve students' confidence in English communication, laying a solid foundation for their future academic success.

STUDY CIRCLE

To strengthen foundational English language skills, Lotus Petal Foundation launched the LPSSS Study Circle, a personalised academic support initiative for students of Grades 2–4. Through small-group learning sessions conducted beyond regular school hours, the program provided focused academic support in English grammar, reading, writing, and comprehension, helping students strengthen their foundational literacy skills in a supportive learning environment.

The program followed a Foundation-designed curriculum delivered by experienced tutors, enabling students to receive personalised attention based on their individual learning needs. Regular assessments and progress tracking helped monitor each student's development, while continuous academic oversight ensured quality instruction and timely support to address learning gaps. Teachers observed greater student participation, improved confidence in using English, and better engagement during classroom learning.

Additionally, the initiative maintained a strong focus on child safety, positive learning experiences, and high-quality teaching practices. Through the LPSSS Study Circle, Lotus Petal supported students in building stronger language skills, greater academic confidence, and a solid foundation for long-term learning success.

TARANG HEALTH ALLIANCE

We partnered with Tarang Health Alliance to promote health, nutrition, and emotional well-being among students of Grades 6–8 through an interactive health education program. Designed by Dr. Rahul Mehra, Executive Chairman of Tarang Health Alliance and National Representative of India at the UNESCO Chair for Global Health and Education, the curriculum was integrated into regular classroom learning to help students develop healthy habits and make informed lifestyle choices.

The program engaged students through interactive sessions, quizzes, presentations, discussions, and activity-based learning on topics such as nutrition, hygiene, mental well-being, and healthy living. Students demonstrated greater awareness of balanced diets, personal hygiene, and the importance of making healthier lifestyle choices. The presence of a dedicated health trainer further strengthened student participation and encouraged positive behavioural changes related to physical and emotional well-being.

Additionally, the program extended beyond the classroom by involving parents through awareness sessions and educational resources on health and hygiene practices, helping reinforce healthy behaviours at home. Through this partnership, Lotus Petal strengthened its holistic education approach by promoting healthier lifestyles and creating a supportive environment for students' overall well-being.

WWF-INDIA

We partnered with WWF-India to provide 220 students with immersive environmental learning experiences through the Nature Connect Program. The initiative included eco-trails across biodiversity parks and urban forests, along with interactive workshops led by WWF naturalists, enabling students to explore local ecosystems and develop a deeper understanding of biodiversity, conservation, and environmental sustainability.

Through guided nature walks, audio-visual learning sessions, and hands-on activities, students gained first-hand exposure to the natural world while learning about local flora and fauna, wildlife conservation, and responsible environmental practices. The program encouraged curiosity, observation, and critical thinking, helping students develop a stronger appreciation for nature and the importance of protecting the environment. Feedback from both students and teachers highlighted the eco-trails as an engaging and memorable learning experience that extended learning beyond the classroom.

Additionally, WWF-India supported the program by providing transportation, expert facilitators, educational resources, and nature kits, ensuring that students had access to meaningful experiential learning opportunities at no cost. Through this partnership, Lotus Petal strengthened environmental awareness among students while inspiring them to become responsible and environmentally conscious citizens.

VOLUNTEERING

Volunteering continues to be a strong pillar of our learning ecosystem, the space where knowledge meets empathy. This year again, volunteers from across geographies and industries stepped in to mentor, teach, and connect with our students, bringing fresh energy, real world experience, and new ways of thinking into their learning journey.

From delivering online sessions to on-ground events, individual volunteers and corporate teams came together throughout the year, each bringing their own time, skills, and enthusiasm to the table. Some joined for a single afternoon, others returned week after week, and together they built a shared culture of learning, empathy, and collaboration that touched everything from academics to everyday life skills.

The engagements included many themes. Educational sessions formed the steady backbone of the year, while career counselling & interview skills workshops helped students think ahead about their futures. Environmental sustainability & climate awareness drives, art & craft, wall painting, talent shows, sports, and various celebrations rounded out a rich calendar, giving students exposure to skills, ideas, and experiences well beyond the regular curriculum.

Here's how the year's volunteering effort adds up:

TYPE OF VOLUNTEERS	NO. OF VOLUNTEERS	AVG. HOURS PER VOLUNTEER	TOTAL HOURS CONTRIBUTED
Individual volunteers	18	18	324
Youth/ student volunteers	17	24	408
Corporate volunteers (online sessions)	157	1	157
Corporate volunteers (offline events)	2,349	2	4,698
Total	**2,541**	**45**	**5,587**

In 25-26 alone, 2500+ volunteers came together across activities, logging 5587 hours in meaningful engagement that brought joy and new learning to our students. These numbers reflect not just the scale of participation, but the consistency of volunteers who kept returning, week after week, to be part of our students' journey.

OUR COLLABORATIONS

Corporate employee engagements were a major driver again this year, with teams from Concentrix, Deloitte, Fidelity, Corning, BlackRock, Call BA, Cargill, Microsoft, Baker Hughes, TBO Tek, Gartner, CISCO and many others showing up consistently throughout the year. Their involvement went well beyond a single visit. **From weekly sessions to on-ground volunteering events, they made a genuine impact through teaching, creative engagements,** wall painting, talent shows, career guidance, sustainability drives, and festive celebrations that kept students engaged and excited all year round.

Our partnership with Vita Nova Educators Private Limited also continued, creating meaningful engagement opportunities for student volunteers and the communities they worked alongside. These experiences built empathy, cultural sensitivity, and a deeper understanding of real world challenges, while helping students strengthen communication, leadership, and collaborative problem solving skills that go well beyond the classroom.

MARKING INTERNATIONAL VOLUNTEER DAY WITH VOLUNTEER EXCELLENCE AWARD 2.0

This **International Volunteer Day, 5 December 2025** was marked with the **Volunteer Excellence Award 2.0** recognising the dedication and impact of our volunteers. In all, **30+ individuals** were honoured across four categories: **Youth Volunteer, Community Champion, Volunteer Leadership, and Corporate Volunteer.** Each category reflects a different way our volunteers show up for our students.

Every hour given and every session run adds up to something larger. Young minds are nurtured, and futures are reshaped, one volunteer at a time.

SCHOLARSHIPS

At Lotus Petal Foundation, we offer a range of **Internal and External Scholarships** that help deserving students from underserved backgrounds continue their education.

INTERNAL SCHOLARSHIPS

01

SHRI RAM NANDAN SAHAY SCHOLARSHIP

Instituted by Ritesh Sahay in loving memory of Shri Ram Nandan Sahay (Jan 6, 1940 – July 20, 2007) a devoted family man, mentor, and true humanitarian remembered for fearlessly standing with marginalised sections of society. This scholarship recognizes students who embody his values of discipline, zeal for learning, regularity, responsibility, generosity, and courage. It supports 5 students annually who are enrolled in LPSSS through the Sponsor A Child Program and come from underprivileged backgrounds.

02

R.S. SHETTY SCHOLARSHIP

Established in 2018, LPF's first legacy scholarship in loving memory of Late Shri Raju Shetty, whose life journey from losing his father at age 12 to becoming a night-school graduate and, later, a 30-year veteran of TELCO (now Tata Motors) reflected courage, resilience, and an unwavering belief in education. Despite his own hardships, he consistently supported underserved communities and connected with people across all walks of life with equal dignity. This scholarship supports 3 students (1 boy and 2 girls) each year from the Pratishthan Learning Center Program, selected on academic performance, attendance, extracurricular involvement, leadership, and personal circumstances.

03

"TEJASWI" R.K. GUPTA MEMORIAL SCHOLARSHIP

Instituted in loving memory of Late Shri Rajendra Kumar Gupta, who rose from a small village in Western UP to build a successful construction business after starting out as a teacher and accountant, and who spent his final years building a temple in his ancestral village as a lasting legacy. A firm believer in education, he ensured every child in his family had access to the best opportunities. This scholarship supports 1 student annually from Class 5 to Class 8, with top 5% academic performance, demonstrated grit in the face of adversity, and empathy and leadership for social change.

04

SUMIT DAS SCHOLARSHIP

Established by Pushkar Singh in memory of Sumit Das, his brother-in-law, this scholarship supports 5 students each year from LPSSS who demonstrate empathy, innovation, and a strong sense of social responsibility, reflected in their actions, behaviour, and participation in school or community activities.

05

SUPRIYO GHOSH ALL ROUNDER SCHOLARSHIP

Instituted in memory of the donor's father, this legacy scholarship supports 8 students annually who are all-rounders, excelling in both academics and co-curricular activities like sports, arts, and inter/intra-school competitions.

06

ANITA SAHAY SCHOLARSHIP

Instituted by Neelesh Sahay and Family in memory of the donor's mother, this scholarship supports one student each from Class 9 and Class 11 of LPSSS on a multi-year basis, continuing until the students achieve their academic and career goals. Selection criteria include strong academic performance, aspiration to pursue higher education (Engineering, MBBS, B.Ed., or competitive/ government exams), and active involvement in extracurriculars along with initiative and leadership qualities.

07

JEJURIKAR SCHOLARSHIP

Established by Rajesh Jejurikar to create his own legacy of supporting children from underprivileged backgrounds, this scholarship supports 10 students annually from Vidyananda under the Sponsor A Child Program.

08

NEELAM UJJAWALA BHAVISHYA SCHOLARSHIP

Instituted by Gaurav and Shubhra Gupta in memory of Mrs. Neelam, a devoted educationist who overcame significant hardships and believed circumstances should never limit a child's potential, this scholarship supports 10 students in two tracks: 4 students from Class 11 receive multi-year support through Classes 11 and 12 and beyond, if required, until they achieve their goals; 6 girl students are supported while pursuing professional degree courses in higher education.

09

STANDRING FAMILY SCHOLARSHIP

Established in 2025 by Mr. John Standring and family to advance representation of women in STEM, this scholarship supports 5 girl students from Grade 8 onward with a passion for science and mathematics. Eligibility requires over 85% attendance and above 60% grades in Maths and Science.

10

OUR RIGHT TO AMBITION SCHOLARSHIP

Established by the Boamah Weikel Foundation, founded by Mr. Samuel Appiah Boamah, and launched in 2025, this scholarship supports 10 high-achieving students across Grades 8–10 (3 from Grade 8, 3 from Grade 9, 4 from Grade 10). Selection is based on academic performance (60%+), attendance (90%+), co-curricular leadership, and a personal essay on their ambitions.

11

MRS. MOHINI SIDANA ALL ROUNDER SCHOLARSHIP

Established in 2025 by Mr. Vipan Singh in memory of his mother, Mrs. Mohini Sidana, this scholarship supports 1 student from Grade 10 with 60%+ academic performance, 85%+ attendance, and strong participation in co-curricular activities and personal growth.

12

IMTIYAZ HAQUE SCHOLARSHIP

Established in 2025 by Mr. Imtiyaz Haque, this scholarship supports 7 meritorious students in Grades 6 and 7 from underprivileged and economically disadvantaged communities, selected on attendance (80%+), commitment, and drive to excel.

13

KANCHAN MENON SCHOLARSHIP

Established in 2025 by Mr. Manoj Menon in memory of his wife, Ms. Kanchan Menon, a lifelong advocate for girls' education, this scholarship supports 3 girls pursuing higher secondary education, selected on attendance (80%+) and academic performance (65%+ in Liberal Arts and Commerce subjects).

14

SMT PARMOD CHOPRA SCHOLARSHIP FOR ACADEMIC EXCELLENCE

Established in 2026 by Mr. Sumit Chopra in memory of Smt. Parmod Chopra, a respected teacher and visionary School Principal who devoted her life to the belief that true education extends beyond textbooks and examinations, nurturing both academic excellence and strength of character. This scholarship supports 4 students annually — the highest-ranked boy and girl each in Classes 11 and 12.

15

M.K. LEEKHA MEMORIAL SCHOLARSHIP

Established in 2026 by Ms. Sakshi Leekha in memory of Late Shri M.K. Leekha, whose journey took him from a refugee camp to leadership roles at DCM Shriram Group and Thapar Group and ultimately to founding Shivalika Rugs, one of Panipat's largest export houses. This scholarship supports 3 students in Classes 8–12 who demonstrate excellence across academics, sports, and co-curricular activities, with clear career ambitions.

EXTERNAL SCHOLARSHIPS

01

SHANKARA MERIT SCHOLARSHIP

Established by Mona and Navneet Aggarwal, the Shankara Merit Scholarship draws its name from the Sanskrit "Shankara" - the destroyer of doubts - reflecting the transformative power of education. Inspired by Mrs. Aggarwal's lifelong devotion to Lord Shankara and the couple's belief that educating girls enriches both present and future generations, the scholarship provides financial assistance of up to INR 50,000 per annum for the full duration of the course, covering tuition, living expenses, travel, and other essentials. It supports 55 girl students pursuing undergraduate degrees in Medicine (MBBS/BDS), Engineering, Nursing, and Pharmacy.

Till date 44 girls have been supported.

02

VIDYA SCHOLARSHIP

Established in 2024 by Mr. Harish Uppal in the name of his mother, Vidya, to support young girls in pursuing higher education, this scholarship supports 1 underprivileged girl pursuing higher education in engineering or medicine, based on strong academic performance in school.

03

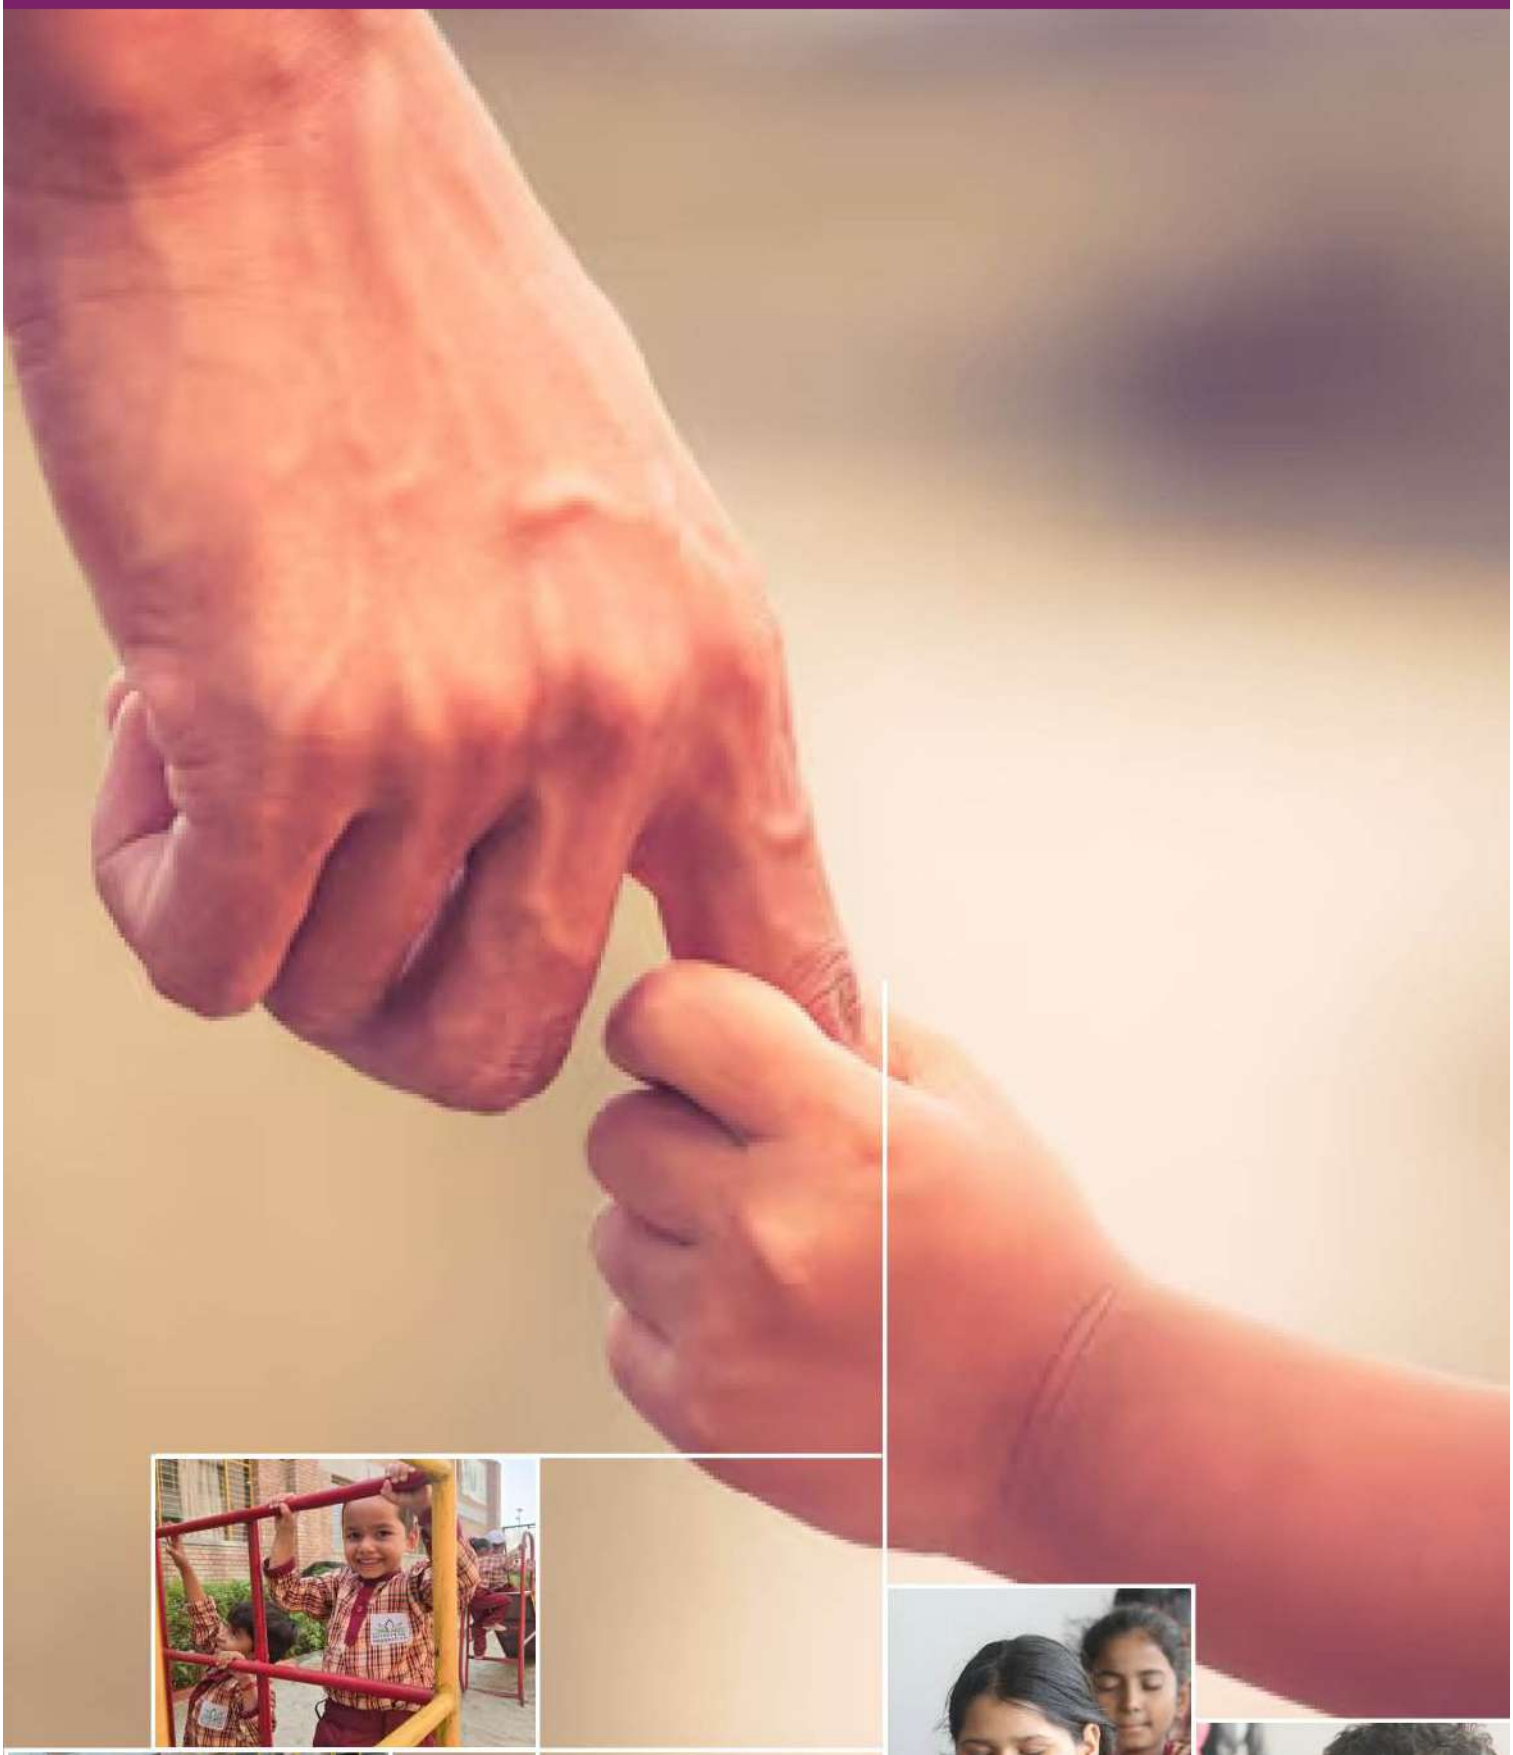

MADAN LAL SCHOLARSHIP

Established in 2024 by Mr. Manohar Arora in memory of his father, Madan Lal, this scholarship supports 2 underprivileged girls pursuing undergraduate studies in engineering or medicine, selected on strong board exam performance.

04

WINNIE SUN SCHOLARSHIP

This scholarship is supported by Concentrix, and, is available to deserving female students from the Underserved section who aspire to pursue courses such as MBBS, BDS, Engineering, Nursing and Pharmacy.

OUR CLUBS

Eco Club

Inspiring green habits and environmental stewardship.

Communication Club

Building confidence and expression through debates, theatre and public speaking.

Health & Wellness Club

Promoting healthy habits, mental well-being and overall fitness.

Interact Club

Encouraging service, empathy and leadership through community action.

EK Bharat Shreshth Bharat Club

Celebrating unity in diversity and strengthening cultural connections across India.

STEM Club

Sparking curiosity and innovation through science, technology, engineering and mathematics.

Every club is a space where students discover new interests, build confidence, and become active contributors to their communities.

OUR STUDENTS

GALLERY

ENVIRONMENTALLY SUSTAINABLE INITIATIVES

Reverse Osmosis

The water treatment plant recovers 40–60% of treated water around 2,000–3,000 litres per 5,000 litres processed with rejected water reused for flushing. It achieves 95–98% TDS reduction and 99.9% UV disinfection, using 4–6 kWh per 2,000 litres.

EV Charging

The EV infrastructure includes 3.3 kW AC and 30/60 kW DC chargers, offering charging times from 8–10 hours for two-wheelers to 80% in 30–60 minutes for DC charging. With an 8–12 year lifespan, the chargers support EV adoption, which can be 60–70% more energy-efficient than conventional vehicles.

Rainwater Harvesting

The system system captures rainwater from over 6,850 sq. m. of rooftops, pavements and playfields, directing it to recharge wells with a combined capacity of 1.1 lakh litres, enabling groundwater recharge and zero rainwater discharge from the premises.

Solar Panels

The Solar Panels achieve ~70% efficiency in summer and 50% in winter, generating 4–5 units per kW daily and reducing approximately 3–3.5 kg of CO_2 emissions per kW each day.

Sewage Treatment Plant

Treated wastewater is safely reused for toilet flushing and horticulture, reducing municipal water use by 40–60% for flushing and fresh water demand for irrigation by up to 100%. A dual-pipeline system ensures safe separation, while nutrients in treated water can reduce fertiliser costs by 30–40%.

Organic Waste Converter

automated composter processes 300–350 kg of organic waste daily, converting it into compost, with 1 tonne of waste yielding approximately 500–600 kg of compost.

Clean Air

Air scrubbing machines strategically placed in the backside of the kitchen to clean incoming and outgoing air.

Be a Champion for Change

SPONSOR A CHILD

You can partially or fully 'Sponsor A Child's education. You shall be given access to an in-house learning management system through login details via which the progress of the student can be tracked throughout the sponsorship program.

NAMING RIGHTS

You can contribute through "Naming Rights" by supporting the construction & maintenance of crucial sections of our schools such as the unfinished Academic Block, Classrooms, Labs, Library, etc. Donations towards upkeep are made based on naming credits as per wish of the supporter.

CORPORATE MATCH

Many Corporate Benefactors can subscribe to this way of giving. A popular choice amongst many corporations such as Apple, Google and Cisco, **Corporates can double their employee contributions, which intrinsically can have a much bigger impact.**

SPONSOR A MEAL

Celebrate a special occasion, request special meals or commemorate an event by sponsoring meals for our students who are given nutritionist-approved, freshly prepared breakfast & lunch cooked in our FSSAI-certified in-house kitchens, on your behalf. Special Meals can also be served as per request.

SCHOLARSHIPS

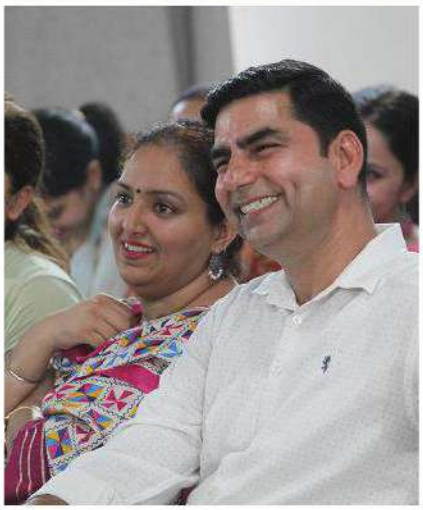

Initiate a scholarship for our students and help them pursue their dreams to achieve a respectable career and a dignified life. We assist individuals and Corporates to start a Scholarship Program that can support students of the Lotus Petal Foundation.

OUR EVENTS

Learn Together. Lead Together. Grow Together.

At Lotus Petal Foundation, we believe **Changemakers are at the heart of every meaningful impact we create**. This year, we deepened our commitment to their growth through deliberate investments in **knowledge-building, leadership development, and collaborative practice**, while nurturing a workplace culture rooted in positivity and genuine engagement. Beyond structured learning, we created intentional spaces for **connection, celebration, and well-being**, recognising that sustainable impact begins with people who feel seen, valued, and renewed. Together, these efforts have not only sharpened individual capability but strengthened the collective spirit that defines who we are: a community of confident, purpose-driven Changemakers dedicated to helping every child thrive.

LIFE MOMENTS

DONOR TESTIMONIALS

KN Prabhakaran

Chief of CSR, L&T Technology Services

Meaningful partnerships are built over time, and our journey with Lotus Petal Foundation over the past **five years** reflects exactly that. We've had the privilege of contributing not only to academic initiatives but also towards **building school infrastructure that will serve generations of students**. Seeing the campus expand and **new sports facilities come to life** is a reminder that creating the right environment is just as important as delivering quality education. **We are pleased to be part of this long-term vision**.

Dr. Sujeet Ranjan

CEO, United Way Delhi

Every child deserves someone who believes in them, especially during moments of uncertainty and vulnerability. That is why the counselling initiative at Lotus Petal Foundation resonates deeply with us. Alongside quality education, emotional support gives students the confidence to navigate challenges, stay motivated, and work towards their aspirations. It is truly meaningful to know that our partnership is helping nurture not just academic success, but also the resilience and emotional well-being that children need to thrive.

Harveen Singh Bedi

Head CSR, Info Edge

Education isn't limited to textbooks, and every child deserves spaces where they can learn through play. Supporting the basketball-cum-tennis court at Lotus Petal Foundation has been our way of contributing to that vision. Whether students are building resilience on the playfield, learning teamwork, or simply discovering the joy of sport, these experiences play an important role in shaping confident, well-rounded individuals. We are delighted to support a space that encourages students to play, compete, collaborate, and grow.

Rahul Choudhary

Corning Technologies India Pvt. Ltd.

Some of the most memorable learning happens beyond the classroom. Watching students enthusiastically participate in activities like Earth Day, STEAM Day, and other experiential learning events has been incredibly rewarding. These experiences spark curiosity, encourage collaboration, and help children discover new interests while making learning more engaging and enjoyable. Corning team is glad in contributing to an environment where children are encouraged to explore, create, and grow every day.

Swati Arora

Director ESG, Concentrix

Education isn't limited to textbooks, and every child deserves spaces where they can learn through play. Supporting the basketball-cum-tennis court at Lotus Petal Foundation has been our way of contributing to that vision. Whether students are building resilience on the playfield, learning teamwork, or simply discovering the joy of sport, these experiences play an important role in shaping confident, well-rounded individuals. We are delighted to support a space that encourages students to play, compete, collaborate, and grow.

Astha Pando Bhushan

Sr. Specialist CSR, Gartner®

Innovation begins when students are encouraged to think beyond conventional boundaries. Supporting Lotus Petal Foundation's transition from STEM to STEAM oriented learning has been an opportunity to nurture creativity alongside technical skills in students. It is inspiring to see classrooms where imagination and problem-solving go hand in hand, giving students the confidence to experiment, ask questions, and explore new ideas. We are proud to have been an early supporter of this vision and are excited to see it shaping a generation of learners who are better prepared for the future.

FINANCIAL SUMMARY

Through prudent financial management and strong donor support, we mobilized resources to expand our programs and deepen our impact. Our commitment remains focused on maximizing every contribution while maintaining transparency and accountability.

TOTAL MONEY RAISED BREAKDOWN

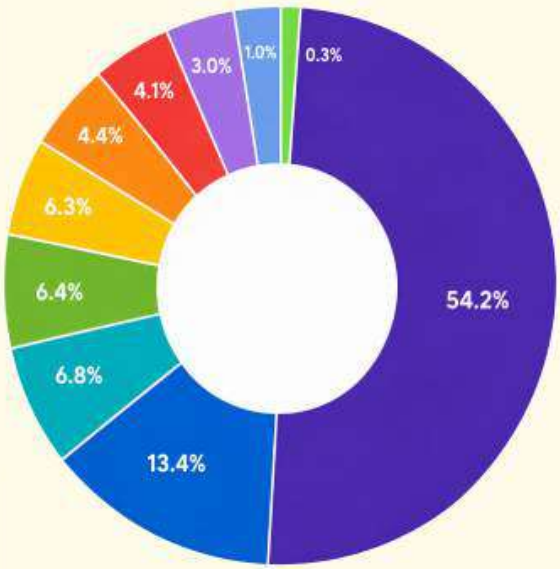

₹264.45 million was raised during the year, supported by domestic and international donors.

OUR SUPPORTERS

we are grateful to our partners, donors and well wishers
for their trust, support and collaboration.

CORPUS DONATIONS

We seek your financial support to complete the development of 'Lotus Petal Sr. Secondary School' which aspires to be India's largest philanthropic school for the underserved.

Help us build a running corpus to ensure that our students and many more brilliant children from underserved communities are able to empower their dreams by getting quality Education, Nutritional development and Vocational training.

Join our founding board by becoming a pillar of support to young underserved children.

The snapshot of Donations is as follows:

DESIGNATION	CORPUS FUNDING (INR)	NO. OF POSITIONS	OFFERINGS
Chief Patron	25 cr	1	Dedicated spaces names after such as main building, auditorium, sports facilities, etc
Patron(s)	10 cr	3	Dedicated wall in the main area of the school (Library, Auditorium, etc)
Honorary Trustee(s)	5 cr	4	Scholarships in the school
Key Philanthropists	2 cr	5	Champions of Change
Champions of Change	1 cr	10	Wall of Donor (i.e. common wall in the school mention) + website frame

WAY FORWARD

Our focus in the **next 3 years** is:

- **Financial sustainability** in our operating model.
- Continuously improving the **quality of our programs**, providing transparency to our supporters to see the **depth of the impact.**
- **Institutionalising** the governance structure of the organisation.
- **Completion of the 4th** and **largest building** in our campus, so that our school campus is fully operational.
- Expanding the footprint of the **VidyaSahyog program** – the digital live teaching platform – so as to reach at **least 100,000 students Pan India**.
- **1000+ alumni** from our various programs with incomes at least **2x India's per capita**.
- **Great place to work**, culture of transformation, providing opportunities to all stakeholders for individual betterment.

TOGETHER, WE MOVE FORWARD

We can only achieve these goals with your continued support.

Thank You

LOTUS PETAL
FOUNDATION

Building stronger futures, **together**.
